THE CLEARFIELD PROGRESS, CLEARFIELD, PA. SATURDAY EVENING FEBRUARY 7, 1920

NUMBER 198

PRESIDENT MAY ACCEPT TREATY RESERVATIONS

SAID TO HAVE INDICATED POSSIBILITY OF
GOING ALONG ON COURSE MAPPED
OUT BY SENATOR HITCHCOCK

CHANCE FOR RATIFICATION BETTER

WASHINGTON, Feb. 7.—Democratic Senators in conference today instructed Senator Hitchcock to fight in every way possible to bring up the treaty in the Senate for reconsideration Monday. The decision of the conference was unanimous, Hitchcock said. Hitchcock will decide later whether to make public a letter he received from President Wilson ten days ago concerning reservations and which he read to the conference. The letter lauded Senator Hitchcock's position. One Senator on leaving the conference said in his opinion the President's attitude has been slightly modified. This makes the league more hopeful of ratification.

WASHINGTON, Feb. 7.—Democratic senators met today at the call of Senator Hitchcock to decide on their program in the treaty discussion which will be brought up Monday in the Senate. There was little likelihood that any program would be agreed on which would make it acceptable to the whole Democratic minority. The only result of the meeting is likely to be that Senator Hitchcock will get a clear idea as to how the various Senators stand. Lodge is assured the support of 35 or 40 Republicans while Hitchcock may still have a larger percentage as he is depending on 43 or 47 Democrats.

WASHINGTON, Feb. 7.—A message from President Wilson outlining his present stand on the reservations to the peace treaty was read to the Democratic Senators today at a conference with Senator Hitchcock. After the letter was read the Senators reaffirmed the President's position of opposition to any reservation which will change the meaning of the treaty.

DUBOIS STATE ROAD CLEARFIELD DOWNS WILL BE BUILT NEW BETHLEHEM

It is practically certain that the two pieces of state highway that DuBois an vicinity have been desiring for the past two years will be improved during the coming summer. As stated the two lowest bidders for the two sections, that lead out into Brady township to Salom and the other leading out through Sandy township to the Jefferson county line, were called into Harrisburg on Thursday where they were in consultation with State Highway Commissioner L. S. Sadler and the state engineers. The Johnson & Kearns firm, which was the lowest bidder on the Brady township highway, was represented at Harrisburg by Philip Kearns. Mr. Kearns was closely questioned by the commissioner in regard to the equipment the firm possessed, its ability to get materials and its financial standing. All of these questions were satisfactorily answered by Mr. Kearns and while no contracts were signed, Mr. Kearns was told to get his equipment in shape when he returned and be prepared to start in on the job as early as possible in the spring.

The Burnside Construction Company, which was the lowest bidder for the Sandy township highway, had a representative present at Harrisburg on Thursday and this firm was also told to get their equipment in shape for beginning work in the spring.

In accordance with this action by the state highway department there does not seem to be anything to interfere with the work getting under way in the spring and pushed to completion during the summer months. It is certainly highly pleasing news to the people of DuBois as well as to the entire section to know that these important stretches of highway will be constructed during the coming summer.

The Old Cry.
It doesn't make any difference what happens, somebody is bound to arise to whisper that it is crooked. We overheard this man talking on a street car yesterday. "There's nothing the human family enjoys better than being suspicious of somebody or something."

Clearfield has always had a reputation for clean sports and fair treatment of visiting teams. In the cheering every effort is made to eliminate those yells which tend to create a spirit of bitterness between the visitors and the local fans; if such a spirit once starts it is soon taken up by both schools and as a result the athletics become a source of unportsman-like contention rather than friendly rivalry.

As far as the High School students are concerned, cat-calls, hisses and

AUGUSTA INVITING BOYS OF HISTORIC 28TH TO REUNION

The Pennsylvania Boys of the 28th Division, who trained at Camp Hancock prior to their participation in the war over-seas will assemble in the First Annual reunion of the 28th Division at Augusta, Georgia April 4th to 10th, 1920.

The close ties of friendship that have sprung up between the boys of the 28th Division and the good people of Augusta makes a great rejoicing among these boys of Pennsylvania and the men and women of Augusta, who have an inseparable affection and love for one another.

Special railroad rates will be secured from all parts of Pennsylvania to Augusta for this occasion, and it is contemplated that several thousands of the boys, their relatives, and friends will avail themselves of the opportunity to come back to Augusta to mix and mingle with their old friends at this time. Augusta's climate at this season of the year is particularly attractive, its broad streets and numerous shade trees, and blooming roses, with its old time Southern hospitality extends an invitation to the dear old boys of the 28th Division, which will be irresistible and the people of Augusta are looking forward with anxiety and pleasure to the return of the Keystone boys to Augusta.

Elaborate plans of entertainment have been arranged by the various civic and commercial organizations of the city, barbecues, carnivals, dances, theatre parties and many other forms of amusement that will entertain and delight the visitors.

The boys of the 28th division will be entertained in the best homes in Augusta, and special rates at the hotels will be made for the accommodation of the families, relatives and other friends from Pennsylvania. All expenses for the entertainment of the boys will be borne by Augusta.

Numerous letters have been received by the board of commerce and other organizations in Augusta seeking information regarding this reunion, and indications point to a large and enthusiastic gathering of the Pennsylvania boys in Augusta during the first week in April.

There are located in Augusta at the present time more than fifty of the Pennsylvania boys, who have returned here since their retirement from the army. These boys are joining whole heartedly with the Augustans in their plans for the reunion.

A committee of representative business men and women of Augusta will visit various points in Pennsylvania at an early date to extend the invitation formally to the boys of the 28th Division, thru the newspapers and personally as far as possible.

the like are never permitted. However, it sometimes occurs that outsiders indulge in such caterwauling and spoil the entire evening for those who enjoy fair play. Last night a bunch of young rowdies in one corner of the gym set up a cry of "We've Got Their Goat," and kept it up for several minutes on several different occasions.

Clearfield fans do not propose to have their reputation for giving everybody a square deal spoiled by a bunch of thoughtless kids and unless such actions cease voluntarily, steps will be taken to enforce the spirit of the school.

League Standing
As a result of the contests played last night in the Inter-scholastic League Punxsutawney retains the lead, DuBois moves into second place, Reynoldsville drops to third, Clearfield moves up to fourth New Bethlehem drops back to fifth and Brookville brings up the rear.

Punxsutawney won from Brookville at Brookville by a score of 39 to 24; Clearfield defeated New Bethlehem at the county seat by a score of 33 to 29 and DuBois defeated Reynoldsville by a score of 45 to 33.

The standing: x

	W. L.	P.	T.
Punxsutawney	5	0	1000
DuBois	4	1	800
Reynoldsville	3	2	600
Clearfield	2	3	400
New Bethlehem	1	4	200
Brookville	0	5	600

Sweetest Tones.
The sweetest voice is not in the orchestra, but in the human voice when it speaks from its instant life tones of tenderness, truth and courage.—R. W. Emerson.

AMERICAN TRADE WITH MEXICO

By RALPH H. TURNER
(United Press Staff Correspondent.)
CITY OF MEXICO, Jan. 20. (By Mail).—Mexico's purchases from the United States during 1920, will reach a value of approximately \$150,000,000. William F. Saunders, formerly of St. Louis, and now secretary of the American Chamber of Commerce of Mexico, estimated today in talking to the United Press representative.

Saunders was speaking of America's growing trade with Mexico, in connection with the trade conference which will be held here February 1, 12 and 13, under the auspices of the American Chamber of Commerce. Neither diplomatic tangles between the United States and Mexico, nor Mexico's internal disorder, have halted the increase in American trade. Saunders' estimate was based on past figures and on present indications. He does not overlook the fact that he unexpected usually happens in Mexico, but the present, he believes, points to further expansion in American commerce.

"According to the latest figures available," he said, Mexico, during the twelve months ending July, 1919, bought goods from the United States valued at \$119,962,982, an increase of \$12,855,949 over the preceding year. At the present time there is a perceptible advance in the standard of living of the Mexican people and their demands are increasing. Their purchases during 1920 will include all kinds of machinery—mining, oil, electrical, sugar and agriculture—automobiles, chemicals and drugs, hardware, tools, all kinds of clothing, building materials and food products. "Manufacturers and jobbers who want Mexican trade are advised to establish themselves now in this country, advertise their goods, and while profiting by present conditions, build for the future."

The American Chamber of Commerce was organized toward the close of the war, with the encouragement of the State Department, to promote American business in Mexico. It aims today to analyze markets, aid in the establishment of agencies, provide credit data and render a general information service useful to the American manufacturer and exporter.

YORKE-PROVANDIE CONCERT PLEASING

Miss Helen Yorke and Wadsworth Provandie were accorded an ovation by a large audience in the Majestic theater last evening when they appeared in concert under the auspices of the Civic Club. Both singers, who made a decided impression on Williamsport music lovers and musicians during their engagement in the city several weeks ago with the DeFoe Opera company, were given encore after encore and the large audience would have apparently been satisfied to spend an indefinite length of time under the spell the artists wove with their marvelous display of vocal power and technique.

Not the least of Miss Yorke's attractions is her charming personality by which she won scores of new friends last evening and her ability to sing with finish and power was displayed to advantage in her repertoire. The "Solve's Song" especially won the enthusiastic applause of the audience.

"Eri tu che," from Verdi's "Masked Ball," sung by Provandie, literally brought down the house and he was forced to respond again and again to an audience that would not be satisfied.

Not the least of the musical treats of the evening were the duets by Miss Yorke and Mr. Provandie, notably "Durique in sou" from the "Barber of Seville."

The announcement made at the opening of the concert led to a slight misunderstanding relative to the program. The last trunk contained only Mr. Provandie's music and he was able to get copies of all of it in the city except his songs in English, for which he substituted arias from operas. Miss Yorke's program was intact.

Marian Lena ists, of Back Bay, Boston, was the accompanist, and no accompanist who has appeared here, and some of the best have preceded her, ever gave more satisfaction to the audience. She is an artist, herself, giving concert recitals, and is

"FLU" SITUATION NOT OF THE BEST

There is a great deal of influenza in this community at this time, and while the disease is in a much milder form than that of 1919, it is sufficiently annoying and dangerous enough to warrant the general public to take every precaution against a possible epidemic.

Local doctors say they are attending many cases in their regular practice and in almost every instance where the disease succeeds in attacking a member of a household, it invariably afflicts every member thereof before running its course, and while the doctors are in agreement on the proposition that no general quarantine is necessary at this time, but they do emphasize the necessity for everyone taking all precautions possible. Remain out of crowds, avoid anyone with a cough or sneezing, use solutions for spraying the throat, etc. It is also recommended that stores, offices, shops, etc., be thoroughly fumigated and that they be sprinkled with disinfectants frequently. The doctors desire that all measures be taken to counteract the possibilities of an epidemic and they wish the hearty co-operation of every citizen.

It is a simple matter to get influenza. By the same token, it is a fairly simple matter to keep from contracting the disease. Almost everyone is exposed to the germs, and probably the majority carry bacteria around with them. Just as long as the protective forces of the body are up to standard the bacteria will be kept from developing. It is only when resistance is lowered that the disease claims a person. A chill is enough to put one to bed with a well developed case. To keep from contracting the disease, take plenty of sleep, eat plain food, keep as warm as possible physically and as cool mentally, keep your feet dry and don't. That is, just observe the common sense rules of living. "Flu" germs will then not bother you.

FAIR DEPARTMENT SUPERINTENDENTS

The Clearfield County Agricultural Society is already hard at work arranging the program for Clearfield County's Big Fair for 1920. At a recent meeting of the Executive Committee of the Society, the following Superintendents of the different divisions at the fair were named:

Supt. of Traffic.—Roll B. Thompson.
Supt. of races.—Ernest E. Orcutt.
Supt. of Machinery and Farm Implements.—A. M. Pearce.
Supt. of Merchants' exhibits.—LeRoy J. Boyce.
Supt. of Agricultural exhibits.—L. A. Banta.
Supt. of horses and cattle.—T. L. Way.
Supt. of sheep and swine.—Curtis Reel.
Supt. of poultry.—Orvis Guelich.
Supt. of home made foods.—Mrs. Curtis Flegal, Mrs. W. E. Davis, and Mrs. J. D. Bailey.
Supt. of art and household industries.—Virginia Bigler.
Supt. of grange and individual farm exhibits.—A. H. Reed.
General Supt. of school and children's department.—W. P. Trostle.
Supt. Section 1. Public School work.—J. E. Radebach.
Supt. Section 2. Agricultural and domestic science work.—Clair D. Ross.
Supt. Section 3. Stock judging contest and club work.—W. C. Sterlit.
Supt. of Floral exhibits.—Richard Gilbert.
Supt. of Forestry.—William Dague.
Supt. of fruit, vegetables and grain.—W. P. Tate.
Supt. of Mineralogy.—Prof. George E. Zerfoss.
Supt. of Historical exhibits.—J. Frank Snyder.
Supt. of Better Baby contest.—Miss Rothrock.
A meeting of these Superintendents of Divisions has been called for the Y. M. C. A. for next Tuesday afternoon, February 10th, at which time plans will be outlined and suggestions asked for.

on this tour only out of friendship for Mr. Provandie. While the audience appreciated her wonderful work, it did not know that owing to the loss of the trunk, she was not only reading the music, but transposing it as she played.—Williamsport Gazette & Bulletin.

THRIFT STAMP CAMPAIGN IN CLEARFIELD COUNTY TO BE GREATLY SPEEDED

W. Harrison Walker, Esq., of Bellefonte, met a representative assemblage of Clearfield and Clearfield county people, including several very energetic Phillipsburg ladies representing that town which was made a part of the district embraced by the major portion of Clearfield county in all previous war activities, at a meeting at The Dimeling which had been called for the purpose of wakening Clearfield county people to the absolute necessity of whole-hearted enlistment in the thrift campaign fostered by the United States government.

Mr. Walker was the head of the Thrift stamp movement in the eastern district embracing forty-eight counties of the state, during the World war and made a record which won him unlimited praise from the national head of the movement.

County Superintendent W. F. Trostle is the chairman of the Thrift campaign in Clearfield county and presided at today's meeting. Many of the local and county teachers, representatives of the different women's clubs or societies, the banks, chamber of commerce and the local newspapers were present. Mr. Walker addressed the gathering on the advantages to be gained from a proper movement for Thrift among the people—especially the young people—of the county and asked that every school in the county be organized and affiliated with the national organization. He said in substance that while uninformed people regarded the Thrift stamp campaign as a war measure, because of its having been started as a war measure, it is far more important as a peace measure, because if we wasteful

He showed that of the more than five hundred and fifty schools in Clearfield county but 15 were engaged for the Thrift campaign, and pleaded for a 100 per cent co-operation from the teachers of the county and closed by pointing out that wasteful Clearfield county was forty-fourth in the list of forty-eight counties making up the eastern district of Pennsylvania, with a per capita purchase of Thrift stamps during 1919 of but 54 cents.

Following his address talks were made by Supt. Trostle, Principals Clair Bone, of Junior High, Augusta Connolly, of Market street schools, Mrs. George B. Reed, and Mrs. John H. Martin, of the local Women's club and Mrs. George W. Seigler, representing the Phillipsburg contingent.

Plans of campaign were then agreed upon and County Chairman Trostle and his aides will endeavor in the near future to place Clearfield county where she naturally belongs in this all-important movement.

An excellent Dimeling luncheon was enjoyed at the finish of the last measure, because if we wasteful

GERMANY WON'T HAND THEM OVER

BERLIN, Feb. 7.—Germany will resist to the utmost the Allied demand for surrender of the war guilty according to a statement today.

RESCUING SHIPWRECKED PASSENGERS FROM LINER

NEW YORK, Feb. 7.—Passengers on the Old Dominion Liner Princess Anne were being transferred in smaller boats to the coast guard cutter Manhattan early this afternoon. The transfer was being made by two boats and a police launch and a coast guard cutter. The police craft was the first to reach the big liner and was greeted with cheers by the benumbed passengers and crew who have been without heat or warm food since early yesterday. Six women and three men were the first transferred.

ANOTHER BREAK IN WILSON CABINET

WASHINGTON, Feb. 7.—Secretary of the Interior Lane has forwarded his resignation to President Wilson and it has been accepted, it was announced at Lane's office today. Lane visited the White House early today and it is understood that he carried his resignation with him at that time. Lane's resignation is effective March 1.

BRITAIN DENIES AMERICAN EMBARGO

WASHINGTON, Feb. 7.—Denial that an embargo had been placed by the British on cotton shipments from the United States was received today by the state department declaring that such a measure would be "impossible to execute." In connection with the sensational fall of the exchange value of the British pound it had been reported that importation of American cotton had been banned by the British government.

BROTHERS REUNITED AFTER THIRTY YEARS

William Westcott, of Lazyville, Wyoming, is a most welcome guest at the home of Mr. and Mrs. M. E. Westcott, on Nichols street, at present. The Westcotts are brothers, but when William stepped into the Westcott home last evening, it was the first meeting of the brothers in more than thirty years. They were raised near Scranton and striking out for themselves soon became separated. William located in Wyoming, where he engaged in ranching on a large scale, while M. E. remained in the east. The reunion after all these years is a practically happy one.

A peculiar thing happened in connection with the visit of William to his brother. He had never seen his brother or any member of his family since locating in the west and it happened last evening that Edgar Westcott, the local representative of the State Highway Department, and son of M. E. Westcott, was at the Pennsylvania station when the 6:45 train arrived from Tyrone. An elderly man singled him out from among all the other people standing on the station platform and asked him if he knew

a man in Clearfield named Westcott. Edgar replied that his name was Westcott and when he gave the stranger his father's name, the latter replied, "Well, here's your Uncle Bill," and so it was.

Mr. Westcott expects to spend some time in the east.

Wiser Than Solomon.
Frederick and Evelyn were twins. On their fifth birthday their father brought them home a small dog, telling them they could own it together. On being petted the dog growled, but finally wagged its tail. Evelyn exclaimed: "I never saw him wag the head and I'll take the dog—the most friendly end."

Caster Oil for Croup.
In a case of croup—poisoning from eating spoiled vegetables or fruit and most common with canned goods—the most effective remedy is a generous dose of castor oil. But it must be given quickly, as one of the effects of the poisoning is to paralyze the intestines, and when this has taken place the oil will do no good.

Large as a Thumb.
A baby kangaroo is little larger than a man's thumb.

Americans do not learn the lesson of Thrift we will never be able to discharge the war obligations of the nation, which now total approximately billions of dollars and require a billion of dollars annually to pay interest on our war debt. Mr. Walker styled the necessity for Thrift among the American people as a purely logical need, in that the habits should be acquired and the savings made to understand that it was as necessary to save the article purchased as it was the money with which to make the purchase.

He showed that of the more than five hundred and fifty schools in Clearfield county but 15 were engaged for the Thrift campaign, and pleaded for a 100 per cent co-operation from the teachers of the county and closed by pointing out that wasteful Clearfield county was forty-fourth in the list of forty-eight counties making up the eastern district of Pennsylvania, with a per capita purchase of Thrift stamps during 1919 of but 54 cents.

Following his address talks were made by Supt. Trostle, Principals Clair Bone, of Junior High, Augusta Connolly, of Market street schools, Mrs. George B. Reed, and Mrs. John H. Martin, of the local Women's club and Mrs. George W. Seigler, representing the Phillipsburg contingent.

Plans of campaign were then agreed upon and County Chairman Trostle and his aides will endeavor in the near future to place Clearfield county where she naturally belongs in this all-important movement.

An excellent Dimeling luncheon was enjoyed at the finish of the last measure, because if we wasteful

The car shortage has brought coal mining in the Central Pennsylvania field almost to a complete standstill practically speaking, and hardly a single one of the larger operations throughout this section is turning a wheel. In fact the car situation was never so bad in the history of the coal business.

Local railroad officials are unable to even guess when conditions may improve in this regard. Flat cars have long been "out of sight" and now it is said that a general order has been issued to all eastern railroads to ship west every empty box car they can get their hands on.

The severe weather conditions of the past month are said to be partly to blame for the car shortage but the almost total breakdown of the railroads in this regard is past understanding up here in the wilds of Pennsylvania.

DO WE WANT HIGH CLASS ATTRACTIONS?

The Womans Club's Provandie-Yorke recital on Monday evening offers Clearfield the chance to prove whether it really wants a regular course of high class musical attractions or whether under the inspiration of enthusiasm it will occasionally submit to a concert at a variation in its program of amusements and entertainments. The Provandie-Yorke recital is not a money making project for any one else we would not be advocating it in this place. These artists are being brought to the city by the club with the aim of giving all Clearfielders the same opportunity to enjoy attractions our people are constantly visiting larger cities and musical centers to hear. Now that they are brought to our doors let us receive them with an enthusiasm that is due an event of this importance.

LINCOLN'S DREAM

Superintendent Anderson of the New York Anti-Saloon League says that he personally found in the files of the Sagamon Journal of Springfield, Ill., the report of an address made by a young lawyer of that city before the Washingtonian Temperance Society, February 22, 1842, in which the young man said:

"When there shall neither be a slave nor a drunkard on this earth—how proud the title of that land which may truly claim to be the birth place and cradle of both these revolutions. How nobly distinguished that people who shall have planted and nurtured to maturity both the political and moral freedom of their species."

The speaker was Abraham Lincoln.

DRUGGIST MUST FILE A BOND EVERY TIME HE LOOKS AT HIS WHISKY

HARRISBURG, Feb. 7.—Question:

How to get a barrel of liquor from the Reading Railroad station to Forney's drug store, given the liquor, an anxious public with its hands full of doctor's prescriptions, and an alert internal revenue agent ready to pounce on any traveling booze.

Answer: Find a trucker willing to put up bond sufficient to cover transportation of liquor from said station, etc., etc., and you will have solved a very perplexing problem.

For the Forney drug store recently decided to assist the long suffering public to the extent of getting some whisky in order to fill doctor's "flu" prescriptions. They bought the whisky, putting up money for a bond; the Reading Railway Company brought it to Harrisburg, also putting up some coin for a bond; the Forney Company took out a license to dispense the desired liquid; but

there is many a drayman, trucker, the United States and Mexico, nor of the roads who will take a chance on transporting the whisky five blocks on the chance of a revenue agent catching them and interfering with his truck.

Any old blockade runners or moon-shiners who are skilled in the art of smuggling old redevy may get a chance to try their hand; the other alternative is to put up the money for transport.

Her Preference.
Emily was eating at a restaurant with the family and had finished an order of waffles. She was still hungry and her father asked her if she would have something more—a sandwich, perhaps. She said: "No, I would rather have another set of these than anything else."

Question of Ownership.
A little boy, explaining about some new neighbors next door, said: "Well, those two oldest children belong to him and those two little girls belong to her, and they both own the baby!"

How To Become A Saver

The Saving Habit (for saving is a habit) is not a natural one to most of us. It must be cultivated.

It may be hard at first, but the end sought, financial independence, is worth all its costs; and the longer you practice it the easier it becomes.

The only way to become a saver is to set aside each pay day a certain part of your earnings to be saved. Do it regularly and systematically. Soon it will become a habit. It will add to your peace of mind; for if hard times or adversity come your money will take care of you.

The place to keep your savings safe is the bank. The County National invites your account.

NOTICE OF DISSOLUTION OF PARTNERSHIP

Notice is hereby given that the partnership lately existing between Robert M. Houpt, John Dimeling and Dean H. Bloom, under the firm name of Clearfield Motor Car Sales Company, trading and doing business in the borough of Clearfield, Pa., in the sale of automobiles and accessories and conducting a garage, was dissolved by mutual consent on the twenty second day of January, 1920. By the terms of the dissolution, Dean H. Bloom has been appointed liquidating partner. All indebtedness owing to said partnership must be paid to the said Dean H. Bloom, and all accounts against said partnership be presented to him for payment.

ROBERT M. HOUP, JOHN DIMELING, DEAN H. BLOOM.

AMERICAN LEGION MEETING

The next regular meeting of the American Legion has been postponed from Monday evening to Friday evening, February 13th.

LIFE WAS A MISERY TO HER

Says this Woman Until Relieved by Lydia E. Pinkham's Vegetable Compound.

Carrollton, Ky.—"I suffered almost two years with female weakness. I could not walk any distance, ride or take any exercise at all without resting. If I swept the floor or did any kind of work it would bring my sickness on. I was weak and languid, had no energy, and life was a misery to me. I was under the care of a good physician for several months and tried other remedies. I had read of Lydia E. Pinkham's Vegetable Compound and decided to try it. After taking twelve bottles I found myself much improved and I took six more. I have never had any more trouble in that respect since. I have done all kinds of work and at present am an attendant at a State Hospital and am feeling fine. I have recommended your Vegetable Compound to dozens of my friends and shall always recommend it."—LILLIAN THARP, 224 S. 9th St., Carrollton, Ky.

If you have any symptom about which you would like to know, write to the Lydia E. Pinkham Medicine Co., Lynn, Mass., for helpful advice given free of charge.

Thousands of women will never go back

to the old way hand ironing. They do their ironing the Simplex Way, and rid themselves of the drudgery, the backache and the terribly tiring work. The

SIMPLEX IRONER

does the average family ironing in one hour at a cost of 3 cents, and does it so much better that your linen looks like new. You can iron a tablecloth in 3 minutes, and two pairs of curtains in 6 minutes on the Simplex, and you can iron everything but skirts and shirtwaists.

It preserves your linen and your health, and the saving in fuel, help and laundry bills pays for the machine in a short time.

Let us show you the special features of the Simplex that make it the safest and most practical ironer to operate.

Japanese Wrestlers Train Sons.
With most of the leading wrestlers of Japan wrestling is an occupation which has been handed down from father to son for many generations. Though small, some of the Japanese wrestlers have proven more than a match for heavier European and American opponents.

Monkey-Talk.
Professor Garner reports that the female ape says "Moohee," and the male ape replies "Wahoo." Evolution doesn't appear to have carried us very far. A chap on the moonlit beach last night said, "Who's in on?" and the girl replied, "It's oo's."—San Francisco Chronicle.

Brunettes Have First Call.
Dark-haired people, so says an authority, get married sooner than fair-haired individuals. He has shown by statistics that an overwhelming majority of those women who live and die splinters have fair hair.

Correctness of Watches.
At the Bureau Observatory every year a chronometer competition is held. In that of 1918 the report on which has just been issued, one chronometer was accurate to six one-hundredths of a second per day.

WHITE TRUCKS

LOWEST ULTIMATE COST

OWNERS have learned that White Trucks are most economical to own because they can be operated at lowest cost over a long period of years. The service a White Truck gives after completing 100,000 or 200,000 miles is of more vital consideration to the purchaser than its initial cost.

More White Trucks are sold annually than any other high grade make. This is the majority's verdict on what constitutes real economy in truck buying.

EVE STRONGER THAN ADAM: STATISTICS PROVE FACT

It is customary to speak of man as stronger than woman, though this is half true, half false; for although he is stronger of frame and muscle and more active, he is of a markedly weaker constitution, less resistant to the enemies of life. And this difference seems native and intrinsic, not due to external or to the chance arrangements of society; for already in infancy the man-child is more open to the attack of mortal disease. Where 100 girl babies die in the first year of life, our census shows that there die about 130 boys.

In the sense organs there is a difference closed to what we know of mind, and which is not wholly in accord with the common thought that women are more sensitive than men. They are more delicate of touch and can perceive certain tastes, notably sweet, at a low degree that escapes the man, although for salt and sour and bitter, as well as for smell in general, the evidence is not so clear.

In Miss Nelson's experiments in California, says George Midolm Stratton in the Century, the men were able to hear fainter tones, and for all but one of several pure colors of the spectrum the men, contrary to the popular belief, detected the color at a lower intensity than did the women.

But, besides this difference in the senses when they are normal, serious defects of eye and ear come far more often to the man and to the man-child. Color blindness, which is usually innate and is therefore not to be ascribed to the manner in which man lives and works, is about tenfold more frequent among men than among women. Blindness pure and simple is also more frequent among men.

Of the number reported totally blind in our country, about 20,000 are male and 15,500 are female. As male blind is not due entirely to the proof that this great excess of the greater danger in men's work, there is a great excess of males among those blind at birth. The most serious defects of hearing also occur oftener among men; for of those reported in our census as totally deaf there are thousands more male than there are females.—Easton Free Press.

HAVE YOU LOST?

Have you lost your sense of your responsibility to God? When we do that, we are like a ship without an anchor in time of storm. We kindly ask you to stop and see where you are at with God and His great salvation.

You are kindly urged to come to Sunday School in Woodland M. E. church at 10:00.

Preaching at 11:00 and 7:30. Young people's meeting at 7:00. Come and show the young people that you mean to help them to live a godly life. We should not expect others to live a better life than we are willing to live in the sight of God. Subject for 7:30: "How to Know Truth."

500 EMPTY CELLS MAKE ALLEGHENY WARDEN BLUE

PITTSBURGH, Pa., Feb. 6.—Warden Edward Lewis of the Allegheny county jail feels lonesome these days with 500 empty cells on his hands, whereas only a matter of eight or nine months ago he was asking the judges of the courts to give him more room because of the overcrowded condition of the jail.

In his report made to the authorities he says that there are 500 empty cells right now in the jail, out of the 740 in his charge. The following figures give an idea as to the difference between pre-prohibition times and the present: For the first six months of 1919 the warden housed 7,463 inmates, while during the last six months of the year the number was 3,125 a falling off of 4,338 cases. The number of days these prisoners were maintained in the aggregate amounted to 103,324 in the first six months, and only 53,139 in the last six months.

He had fifty-seven murder cases between January 1 and June 30, while in the next six-month period he had only sixteen. In the first half of the year fifty-five men were in the hospital, and only two in the last part. There were ten deaths in the first section of the year and only one in the second. There were thirty-one delirium tremens cases during the liquor period, and none in the second period.

Record Hurricane Damage.

The worst hurricane of which any record exists was that of October 10, 1780, which started in the Barbados. An English fleet anchored off St. Lucia simply disappeared. Nearly every building on the island was blown down and 6,000 people buried.

No More Pedaling

All the drudgery of sewing vanishes when you have a Davis Portable Electric to help you. Each task is finished quickly and easily.

Sewing is actual fun with a Davis Portable Electric. Motor-driven, it does the real work while you watch and control it. No more laborious pedaling. You merely press the foot control and guide the material as it flows away under the flying needle.

As convenient and necessary as the electric iron, electric washing machine and vacuum sweeper.

There are three DAVIS Portable Electric models, each enclosed in a handsome dust-proof carrying case. Price is remarkably low. See these modern time and labor-saving models at our store or phone today for free trial.

WHERE THEY'LL UNLIMBER

(By United Press.)

With the first gust of March winds, the sixteen major league ball clubs will journey to the sunny south for six weeks training.

Seven states of the south have been selected for the training camps. Florida is the most popular having been the choice of four clubs, Texas is second with three, Alabama, Arkansas, Georgia and Louisiana will be host to a pair and California will have one team.

Following is a late list of the 1920 training sites:

National League	
Pittsburgh	Hot Springs, Ark.
Cincinnati	Miami, Fla.
Chicago	Pasadena, Cal.
New York	San Antonio, Tex.
Brooklyn	Jacksonville, Fla.
Boston	Columbus, Ga.
Philadelphia	Birmingham, Ala.
St. Louis	Brownsville, Tex.
American League	
Boston	Hot Springs, Ark.
Cleveland	New Orleans, La.
Detroit	Macon, Ga.
St. Louis	Mobile, Ala.
New York	Jacksonville, Fla.
Chicago	Waco, Tex.
Washington	Tampa, Fla.
Philadelphia	Lake Charles, La.

The Wise Man.

He is the wisest man who would have the least to do with the multitude.... It is not for the wise man to be much affected with the censures of the rude and unskillful vulgar, but to hold fast unto his own well-chosen and well-fixed resolutions; every fool knows what is best to be done; but what is best to be done, is known only to the wise.—Joseph Hall.

The Buddhist Printer.

In many of the monasteries of Siam the Buddhist monks print books in a manner which has been handed down from generation to generation. Movable type is not used, but each page is carved upon a solid wood block, and thus whenever a new book is printed entirely new blocks have to be made.

NEWS OF OUR NEIGHBORS CURWENSVILLE

It is more than likely that the question of erecting another school building will confront Curwensville taxpayers before many months go by. In conversation with one of the board of school directors Wednesday, the information leaked out that the three present buildings were inadequate to accommodate the present number of pupils attending the schools and many of the rooms were overcrowded.

Under a decision of the state board of health it is not now obligatory for a physician to report cases of influenza within their bailiwick to the secretary of a local board of health; neither is it now necessary to provide a house wherein the disease predominates, therefore newspaper men and reporters are unable to report the exact number of cases in his town. It behooves visitors before they enter the home of a friend, to ascertain whether or not any flu is within. Before the new decision the newspapers kept the people posted as to whom were affected with the disease, and they knew enough to stay away from that home until all danger of contracting the disease had passed.

CALORIC

This is the wonderful furnace that upset all previous theories of heating. It does not radiate heat as stoves do, but circulates it. It requires no pipes to convey its heat, but sends it up through one register. It is therefore quickly installed in old or new buildings, often in a day, without interfering with present heating arrangements.

The cost of installation and maintenance of the CALORIC in money and labor is less than the number of stoves required to heat the same space. It burns any fuel—coal, coke, wood, lignite or gas—and heats the entire house, three rooms to eighteen, with one-third to one-half less fuel than you have been using.

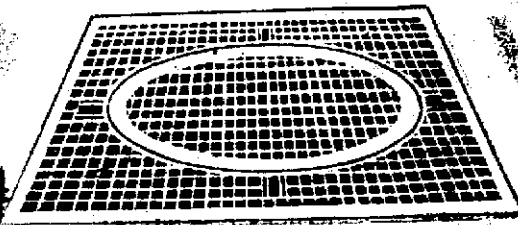

The CALORIC is heating satisfactorily hundreds of churches, stores, factories and other buildings. Thousands of letters from our more than 50,000 satisfied users prove all our claims.

The CALORIC is sold under the Monitor Ironclad Guarantee. Call, or write for the CALORIC Catalog and booklet of interesting letters from local satisfied users.

SUNDAY SCHOOL LESSON

(By REV. P. B. FITZWATER, D. D.,
Teacher of English Bible in the Moody
Bible Institute of Chicago.)
(Copyright, 1920, Western Newspaper Union)

LESSON FOR FEBRUARY 8 PETER AT LYDDA AND JOPPA.

LESSON TEXT—Acts 9:32-42.
GOLDEN TEXT—The prayer of faith shall save the sick, and the Lord shall raise him up.—James 5:15.
ADDITIONAL MATERIAL—Luke 8:17-18; 9:22-23.
PRIMARY TOPIC—What a Kind Woman Did.
JUNIOR TOPIC—What Peter Did at Lydda and Joppa.
INTERMEDIATE AND SENIOR TOPIC—The Beauty and Influence of an Christian Life.

In order to grasp the significance of this lesson, we should recall the condition which prevailed in the church as suggested in verse 31. Three characteristics are outstanding:

1. **Freedom From Persecution.** Saul, the ringleader of the persecuting forces, had just recently been converted, thereby disorganizing their forces, allowing the church to enjoy a breathing spell. This period of rest did not result in its growing lazy, indifferent, worldly, and forgetful of God, but in growth in grace and in the knowledge of the Lord Jesus.

2. **Spiritual Growth and Development.** The real meaning of the word "edified" is "built up." This does not mean merely that the members were being instructed and comforted, but that strenuous efforts on the part of the individual members, as well as the body as a whole, were being made for the advancement of the divine life.

The word "edify" contains the metaphor of some grand building or structure. As suggested by another, this metaphor involves (1) a foundation. This is Jesus Christ—no other dare he build (1 Cor. 3:12-16). (2) A continuous progress. This means that a Christian's activities are purposeful and that the work he undertakes moves forward with the proper progress. (3) Persistent effort. This means that the present day's work begins the foundation upon which tomorrow's work must be built. Thus day by day his life is being raised higher and higher, as each separate round of material is being laid by strenuous efforts. (4) A completion. Finally the work is done, the building is completed, the top stone is brought forth and placed.

3. **Outward Growth.** Building up within the church causes the whole work to be admired and respected by those without, including them to come and identify themselves with the cause. There can be no forward movement without unless there be a corresponding movement within.

Our lesson today is the record of two stupendous miracles. They are the greatest signs wrought since the day of Christ. The dreadful malady of palsy is vanquished, and a corpse is re-animated by the departed soul. The occurrence here of this miracle is in keeping with the movements of the church at this time. The Lord had promised these signs as they went forth with the gospel message. They were given as encouragements to the disciples, to convince them that the gospel did not lose any of its power by being spread, but rather that its power increased. As the church goes everywhere preaching the Word there will be a corresponding manifestation of power.

I. The Healing of Eneas (vv. 32-35). This man's needy condition appealed to Peter, just as men today should appeal to us in their semi-dead state. Like his Master, Peter could not refuse the needed help. In this he did not direct attention to himself, but confidently appealed to the power in the name of Christ: "Jesus Christ, heal him." The man who had kept his bed for eight long years immediately arose and made his bed. When the Lord heals it is done instantly. Peter wisely kept this miracle from being the end by making it the means to the end. That end was the preaching of the gospel. This brought most gratifying results, for "all that dwelt in Lydda and Sharon saw him and turned to the Lord."

II. The Raising of Dorcas (vv. 36-42). This woman was full of good works and alms-deeds which she did, not talked of doing. She was a practical Christian woman of the kind that gets down to the practical way of showing her love by doing deeds of helpfulness. Her death was a real loss, as was evidenced by the mourning of those who had been helped. When this good woman fell sick and died, the disciples sent for Peter. Peter put them all forth. At his command her soul came back to live in her body. This again caused them to believe on the Lord.

Read the Bible and Think.
"It is a good plan to read a book of the Bible through rapidly at a sitting in a shady garden, or on a cliff looking over the sea; then to close the book and think."—Church Family Newspaper.

Transformed Into New Man.
As man put into the fire lastly it rust and becomes clearly red hot, so he that wholly turneth himself unto God puts off all slothfulness, and is transformed into a new man.—Thomas à Kempis.

Make Concrete Buoy.
Floating mooring buoys have been made of concrete by an English inventor.

PLAN BOXING RULES TO COVER SPORT THRUOUT WORLD

PARIS, Feb. 5.—(United Press)—Boxing authorities of two continents are expected here today to attend a two-days' congress of the International Boxing Union.

America alone, of the leading nations, will not be formally represented. Delegates from England, Australia, Belgium, France, Greece, Holland, Italy, Norway, Switzerland and Argentine Republic have been certified.

New boxing rules, new regulations for the conduct of world's championship fights and the official appointment of the professional champions of the world figure prominently on the program of business outlined.

The union, which has for its ambition, the supervision and direction of all international boxing, will recognize champions in the following classes: flyweight, up to 112 pounds; bantamweight, up to 126 pounds; lightweight, up to 135 pounds; welterweight, up to 147 pounds; middleweight, up to 160 pounds; light-heavyweight, up to 175 pounds; heavyweight, everything above 175 pounds.

After a championship has been won, according to the new rules, the winner cannot refuse a lawfully submitted challenge, which the union certifies as one filed with its officers. The champion cannot ignore a challenge because the stakes are too low and must answer within three months. The rules also provide that the championship cannot change hands unless it has been understood in advance that the championship is at stake.

Championship fights are established with a minimum of ten rounds and a maximum of twenty rounds. In a case of disagreement the champion is allowed the choice of the same number of rounds in which he won his title or successfully defended it.

Decisions are placed in the hands of a referee and three judges or a referee and one judge. In granting a decision the following considerations are outlined in the new rules: 1-Efficient attacks with both hands. 2-Defense. 3-General science. 4-Efficiency of the blows. 5-Endurance.

Another clause of the rules limit the fighter to one second in his corner and curbs the activity of the second by prohibiting him from talking or giving any advice by word or sign to the fighter in the ring. Such an act as dashing water on a prospective boxer as a means of reviving him makes him disqualified immediately.

As composed at the present time the union consists of French, English, Swiss and Belgian boxing organizations or individuals, who, under the initiative of the French, have been working on an international association plan since 1910 when the French boxing federation attempted to convene an international conference. Neither the English nor American authorities showed any enthusiasm at that time and even now they are not greatly interested.

In 1913 another meeting was held and in 1914 the boxing union was organized. Activities were then interrupted by the war and this year's session again has the task of blazing the trail toward the elysium of boxing.

Sage Tea Keeps Your Hair Dark

It's Grandmother's recipe to bring back color, youthfulness and lustre—Everybody is using it again.

Gray hair, however handsome, denotes advancing age. We all know the advantages of a youthful appearance. Your hair is your charm. It makes or mars the face. When it falls, turns gray and looks streaked, just a few applications of Sage Tea and Sulphur enhances its appearance a hundred-fold.

Don't stay gray! Look young! Either prepare the recipe at home or get from any drug store a bottle of "Weyth's Sage and Sulphur Compound," which is merely the old-time recipe improved by the addition of other ingredients. Thousands of folks recommend this ready-to-use preparation, because it darkens the hair so beautifully, besides, no one can possibly tell, as it darkens so naturally and evenly. You moisten a sponge or soft brush with it, drawing this through the hair, taking one small strand at a time. By morning the gray hair disappears; after another application or two, its natural color is restored and it becomes thick, glossy and lustrous, and you appear years younger.

Sunday With the Churches

ELEVENTH STREET M. E. CHURCH

The Fourth Quarterly Communion Service will be held in the Eleventh Street Methodist church Sunday morning at 10:30 o'clock. The service will include the reception of members and the rite of Baptism.

PRESBYTERIAN CHURCH

Preaching Service, 10:45 A. M. and 7:30 P. M.

Junior League and class in preparatory membership, 2:30 P. M.

Epworth League Meeting, 6:30 P. M.

To all the services of the church a cordial welcome is extended.

COUGHED NIGHT AND DAY FOR TWO YEARS

Mr. Parkhurst found quick relief from chronic bronchial trouble.

"Two years ago, I had a gripe which left me with a bad cough. Finally this became chronic bronchial asthma, and four doctors said it could not be cured. I commenced taking everything my friends recommended, but I got worse instead of better. For two years, I was unable to do any work except to cough constantly night and day, which was the hardest work I ever did."

"Finally I got hold of Milks Emulsion. It benefited me so much, right from the start, that it came as a God-send. In two months I was perfectly cured. I gained in health, strength and flesh rapidly."

J. M. Parkhurst, Leon St. W. Terre Haute, Ind.
Coughs like this seldom yield to local treatments. The surest way to reach them is to build up and strengthen the whole system. For any obstinate cough, Milks Emulsion is a remarkable remedy. Milks Emulsion is a pleasant, nutritious food and a corrective medicine. It restores healthy, natural bowel action, doing away with all need of pills and cathartics. It promotes appetite and quickens the digestive organs in shape to assimilate food. As a builder of flesh and strength, Milks Emulsion is strongly recommended to those whose sickness has weakened, and is a powerful aid in resisting and repairing the effects of wasting diseases. Chronic stomach trouble and constipation are promptly relieved—usually in one day.

This is the only solid emulsion made, and so palatable that it is eaten with a spoon like ice cream. Truly wonderful for weak, sickly children.

No matter how severe your case, you are urged to try Milks Emulsion under this guarantee—Take six bottles home with you, use it according to directions and if not satisfied with the results your money will be promptly refunded. Price 60c and \$1.20 per bottle. The Milks Emulsion Co., Terre Haute, Ind. Sold by druggists everywhere.

Guaranteed by Stewart's Drug Store

SUNDAY MEETING AT Y. M. C. A.

All are cordially invited to the big Y. M. C. A. Sunday afternoon meeting at 4 o'clock.
Come early for the song service and to hear the plain spoken address: "Is There a Hell?" Tickets issued and front reserved seats for all who think there is not.

PO' OL' ADAM!

By Frank L. Stanton

Adam was his own boss
"Twel he gone ter sleep,
Den it wuz he los' a rib.
An'—trouble in a heap!

He riz up, he riz up—
Fer dar he couldn't stay;
An' "Whar dat rib I had?" he said,
"I one rib short today!"

Den Eve, it wuz, dat answered—
An' skeered he wuz, fer sho'!
"I don't keer if you los' a rib—
You don't deserve no mo'!"

"An' now I gwine ter tell you
Keep quiet ex a mouse,
'Kaze I de very lady
What's runnin' of de house!"

"You got ter make de money—
You got ter rise an' shine;
Git up an' eat yo' brakfast
An' go long whar you gwine!"

Adam ain't say nothin'—
De talkin' never cease;
"I'll go dar, whar dem lions at
Ter get my rest an' peace!"

You reckon he wuz peaceful?—
Befo' de day wuz gone
Eve made him split de kindlin'
And put de kettle on.

Adam—po' ol' Adam!
Frum den outil dis day
He had des one opinion:
"I sleep my rights away!"

DEATH DUE TO STORM

JERSEY CITY, N. J., Feb. 7.—One man was killed and three others slightly injured today when a passenger locomotive collided with a switch engine in the Pennsylvania railroad yards. John Ferguson, 20, of New York, a fireman, was killed when the switch engine overturned. The accident was due to the snow which obstructed the view of the signals, officials told the police.

STOCKS RANGE HIGH

NEW YORK, Feb. 7.—Prices were for the most part higher at the stock market opening here today. United States Steel was up 1-2, at 100 1-4. Studebaker at 55 up 1-2. Republic at 161 up 1-2. Crutcher at 209 off 2 1-2. Bethlehem R. at 50 5-8 off 3-8.

Self-Appreciation.

When Effie was visiting her aunt she found, on the table, a photograph of herself taken when she was 3 weeks old. "O. Aunt Emma," she cried: "Who is this ugly, chubby little baby?"

Your Satisfaction Is My Success

The fact that I devote myself exclusively to the scientific examination of the eyes and the furnishing of glasses at moderate prices, up-to-date methods, and a perfectly equipped room for examinations has made the words "satisfaction" and "success" synonymous.

SPIRITUALISM BLAMED

LONDON, Feb. 7.—One hundred thousand cases of insanity in England have been caused by spiritualism, it is declared.

Sir Oliver Lodge got away to America.

Hot Water Each Morning Puts Roses in Your Cheeks

To look one's best and feel one's best, alimentary tract, before putting soap to work on the skin, bath each morning to flush from the system the previous day's waste, sour fermentations and poisons. Just as coal, when it burns, leaves behind a certain amount of combustible material in the form of ashes, so the food and drink taken each day leave in the alimentary organs a certain amount of indigestible material, which is not eliminated, forms toxins and poisons which are then sucked into the blood through the very ducts which are intended to suck in only nourishment to build on the body.

It is so want to see the place of healthy blood in your cheeks, to see your skin get clearer and clearer, you are told to drink every morning upon arising, a glass of hot water with a teaspoonful of Epsom salt in it, which is a sure and harmless means of washing the waste poisons and toxins from the stomach, liver, kidneys and bowels, thus clearing beauty of their complexion should try this for a week and notice results.

THE UNIVERSAL CAR

Don't Depend On Spring Deliveries

Spring deliveries of Ford cars have never been certain, and they should not be depended upon. Demand has always been greater for Ford cars than the supply or production. So, if you would be sure of having a Ford car, but it now while deliveries are possible. Don't wait—even next month is an uncertainty.

Only a limited, specified number of cars has been allotted this territory. That allotment cannot be increased, because the demand all over the country is greater than the supply or production. Get your order in now, and you will be one of those who is sure of a Ford car out of our allotment.

It's first come—first served. All orders are filled in rotation. So, if you would be forehanded, if you would be certain of having a Ford car when you want it—then you will buy a Ford car now. A signed order with us is your protection. It is the result of the wisdom of looking ahead.

If you buy a Ford car now, don't think you have to "store" it. The Ford is a car made to serve its owner for business or pleasure throughout the entire year. Ford owners have long since come to recognize the fact. It is no longer popular to "lay-up" your car for the winter. Buy a Ford car now, and use it now.

OBITUARY

Calvin Bishop Shaw, son of the late A. B. Shaw, deceased, was born at Shawville, Clearfield county, Mar. 10th, 1871. He died at the Clearfield Hospital February 2nd, 1920, at 1:30 P. M.

The family moved to Clearfield when Calvin was five years of age. He received his education in the public schools of Clearfield, attending the Clearfield High School up to and including part of his senior year.

Upon leaving school he started in the shoe business, at the age of eighteen years. He was a good business man and maintained the strictest integrity in all his business dealings. After a period of years, he returned from the shoe business in 1904 and removed his family to Shawville, where he engaged in the millinery business. Remaining at this place until 1916, when he came back to Clearfield, becoming a partner of the Clearfield Central Garage and the active manager of the same. The garage business for a short period of years, he succeeded in building up a large business and was very successful as an automobile agent.

He was united in marriage in 1894 with Elva Veil, and began housekeeping in Clearfield.

Mr. Shaw was a kind husband and devoted father. He possessed a bright, sunny disposition and was very much of a gentleman. He was very kind-hearted and will be missed by a host of friends who remember his many kindnesses.

While at Shawville he became an active church worker and served very successfully as a superintendent of the Methodist Episcopal Sunday School.

During his recent engagement in the garage business, he had been making his home with his sister, Mrs. Jeannine Shaw Bailey, but had planned to move his family here in the spring.

Mr. Shaw's survivors by his wife and one son, Arnold Bishop Shaw, who is in attendance at Dickinson College, Carlisle, also by two brothers and seven sisters.

The funeral was held Thursday, February 5th, 1920, at 2:30 P. M., from the home of Mrs. Jeannine Shaw Bailey, Rev. W. W. Hartman officiating. Interment in Hillcrest cemetery.

MEMBER PIONEER FAMILY DIES

One of the few remaining links that join the present generation to that of pioneer days was broken when at the Tyler mansion at Tyler, this county, on Saturday, January 31, Mrs. Mary E. Tyler passed away she having numbered 86 years last June. Her husband, John Tyler, who died a number of years ago, was the son of David Tyler, a pioneer. When a young girl she came into the Bennett River valley. Intelligent, forceful in character and educated, as that era went, she met John Tyler and they were married. The one child, Charles, born of the union, survives her. Before her marriage she taught school and a prized memento of those days to her is a receipt which she, as Miss Mary Bee, gave to David Tyler for fifteen dollars paid her in 1858 for teaching school one month in the summer of 1857 at Mill Run.

DANIEL CONNERS

Daniel Connors, aged 66 years and 10 months, born Belfrere, Ireland, in 1854, died at Glen Richey, Pa., January 28th, 1920, after a brief illness of pneumonia. He leaves to mourn his death a wife and eleven children, all living: Mr. Daniel Connors, Altoona; James Connors, Altoona; Mrs. Thomas Baird, Clarion; Mrs. Arthur Monr, Clarion; Mrs. Z. A. Strickland, Curwensville; Mrs. Fred Goodnow, Elmira, N. Y.; Mrs. S. H. Gibson, Buffalo, N. Y.; Mrs. Jno. Reid, Glen Richey, Pa.; Mrs. James McKee, Bloomington, Pa. and Miss June, at home.

He has gone from his dear ones, his children and his wife whom he willingly toiled for and loved as his life, Oh, God! how mysterious and strange are thy ways to take from us our dear one in the best of his days.

COOPER TOWNSHIP WOMAN DIES

Mrs. Joseph Junquist, a respected resident of Cooper township, died at her home in Lanes Friday evening last, after a brief illness. The deceased was stricken with influenza one week ago, and pneumonia developing caused her death.

She was the daughter of Emmet Beam, of Kylertown, and is survived by her husband and three children. Mr. Junquist is recovering from an attack of the flu.

JOSEPH HOLLAND WOLFORD

Joseph Holland Wolford, a good citizen of this city, passed away at his home on South Second street on February 1st, 1920, after an illness of eight months. His death was due to heart trouble. He was born in Union township, Centre county, July 12, 1866, and was therefore 53 years, 6 months and 18 days old. From Centre county he moved to Woodland where the two children were born.

Mr. Wolford moved from Woodland to Williamsport in 1905, where he remained for eight years, and in 1913 he moved to Canandaigua, N. Y., and after six years in New York state, he removed to Clearfield in the spring of 1919.

He was united in marriage February 4th, 1886, to Mary Lippert, of Clearfield, Pa. He is survived by his widow and two daughters: Mrs. Glen Lannon and Mrs. Charles A. Hall, two brothers and two sisters, Miss Sadie Kunes, of Williamsport; Mrs. Silas Rothermel, of Germantown; J. P. Wolford, of Pleasant Gap. Those present from a distance at the funeral, were as follows: J. P. Wolford, Bellefonte; N. E. Wolford, Pleasant Gap; Mrs. Kunes and Mrs. Shirley, of Williamsport; Mrs. Dave Hoover, of Tyrone; Mrs. Turner, Zanesville; Mrs. Lippert and children, Clarence, Lester, Helen and Guy, from Curwensville; Mrs. Boul and Blanche Hoover, of Tyrone; Mr. and Mrs. A. K. Owens and family; Mr. and Mrs. Hassan, of DuBois; Mrs. Ray Peters, of Mrs. Ollie Peters and Thomas Rivlin, of Woodland, and Mrs. Ida Bressler, of Curwensville.

NOTICE

The funeral of Mrs. Nancy Brown will be held from her late residence on Leavy avenue, tomorrow afternoon at 2 o'clock.

Eat Less Meat If Back Hurts

Take a glass of Salts to flush kidneys if bladder bothers you. Dring lots of water

Eating meat regularly eventually produces kidney trouble in some form or other, says a well-known authority, because the uric acid in meat excites the kidneys, they become overworked; get sluggish; clog up and cause all sorts of distress, particularly backache and misery in the kidney region; rheumatic twinges, severe headaches, acid stomach, constipation, torpid liver, sleepless nights, bladder and urinary irritation.

The moment your back hurts or kidneys aren't acting right, or if bladder bothers you, get about four ounces of Jad Salts from any good pharmacy; take a tablespoonful in a glass of water before breakfast for a few days and your kidneys will then act fine. This famous salt is made from the acid of grapes and lemon juice, combined with lithia and has been used for generations to flush clogged kidneys and stimulate them to normal activity; also to neutralize the acids in the urine so it no longer irritates, thus ending bladder disorders.

Jad Salts cannot injure anyone; make a delightful effervescent lithia-water drink which riddens of mer and women take now and then to keep the kidneys and urinary organs clean, thus avoiding serious kidney disease.

Gossip for Tonight's Tea Table

Miss Lillian Moore will leave tomorrow for Ellsworth, Pa., where she has been engaged as special physical instructor in the High School.

A. M. Liveright was called to Philadelphia yesterday on account of the serious illness of his brother Louis F. Liveright. Mrs. A. M. Liveright received a telegram this morning that her brother in law died last evening, death being due to pneumonia.

Miss Eva Hoover who has been visiting with relatives and friends here for the last month, returned to her home in Kylertown today.

Charley Callahan has returned from a business trip to Detroit, Michigan.

Clifford Harris, of Rockton, spent yesterday in town.

Rev. John Platt of Erie, is visiting his son in law John C. Arnold and family.

Dale Carr has returned from visiting with relatives in Akron, Ohio. Millard and Josephine Edmiston, of Mt. Union, are guests at the home of their uncle C. C. Edmiston on Pine street.

Miss Margaret Graham is ill at her home on Maple avenue.

Mr. and Mrs. Walter Condon of Shawville, is visiting her sister Mrs. Lutz, on Maple avenue.

James Ake, of Gettysburg, spent yesterday with his son, who is a patient in the Clearfield hospital.

Miss Isabel Coleman is spending the week end with her parents in Williamsport.

Joe Hipps, Dick Wright and George Strickland, of Curwensville, attended the basket ball game at the High school last evening.

Howard Stewart will entertain his bridge club this evening at his home on Pine street. Five tables of bridge will be in play.

Miss Emma Levegood is attending a house party at Bucknell college, Lewisburg, over this week end.

Miss Margaret Taylor entertained the F. F. F. club Thursday evening at her home on Walnut street. The evening was spent in dancing and playing cards. A dainty refreshment was served.

Glen Meise, of Akron, Ohio, is spending a couple weeks with his mother here.

Clair Wisor of Altoona, is spending the week end with friends here.

Charles Collins was home from Dickinson College, as a representative from the Phi Kappa Psi fraternity, of which Bishop Shaw is a member, to attend the funeral of his father, the late Calvin Shaw.

Charles Voinehet, of Coudley, transacted business in town yesterday.

Gale McDowell, of Altoona, spent yesterday with friends here.

OPEN NOSTRILS! END A COLD OR CATARRH

How To Get Relief When Head and Nose are Stuffed Up.

Count fifty! Your cold in head or catarrh disappears. Your clogged nostril will open, the air passages of your head will clear and you can breathe freely. No more snuffing, hawking, mucous discharge, dryness or headache, no more struggling for breath at night.

Get a small bottle of Ely's Cream Balm from your druggist and apply a little of this fragrant antiseptic cream in your nostrils. It penetrates through every air passage of the head, soothing and healing the swollen mucous membrane, giving you instant relief. Head colds and catarrh yield like magic. Don't stay stuffy up and miserable. Relief is sure.

Leonardson's White Sale Creates Sensation

Every store hour since we opened the doors after announcing the great values, in our annual Sale of White, the aisles have been thronged with women taking advantage of the little-short-of-sensational offerings.

Tonight you will find us ready with a salesforce alive with service and an earnest desire to aid you in your fight with the ever-advancing cost of living. With their knowledge of merchandise and market conditions they will show you how real and how extraordinary the White Sale offerings are.

A. W. LEONARDSON CO

To Prevent Flu and Colds Three Rules You Should Observe

- (1) Sleep 8 hours—With windows wide open.
- (2) Eat wisely—exercise regularly—don't worry.
- (3) Avoid crowds and persons having colds

Flu this Year is Milder

The rules given above, recommended by the New York City Board of Health, are guides to good health at all times. Particularly they are followed just now, when influenza is again abroad in the land. Authorities agree, however, that the flu this year is less severe than in the last epidemic—the attacks are shorter and the death rate lower. In fact, many physicians insist that the epidemics now being reported from so many sections are not flu at all, but simply the old-fashioned grip.

Keep the Air Passages Healthy
While we know very little more about the flu than we did last year—the germ itself has never been positively identified—still most authorities agree that the flu germs are breathed in. If the system is in good shape and the membrane lining of the air passages is in healthy condition—these germs are thrown off.

A good plan is to melt a little Vick's VapoRub in a spoon, night and morning, and inhale the vapors, also apply a little up the nostrils several times a day, especially just before being exposed to crowds.

Treat All Colds Promptly
Above all, keep free from colds, as colds irritate the lining of the air passages and make them real breeding grounds for germs. Prompt use of Vick's VapoRub aids in preventing colds. For head colds, sore throat or hoarseness, rub Vick's well over the throat and chest and cover with a warm flannel cloth. For deep chest colds, severe sore throat or bronchitis, hot wet towels should first be applied to the throat, chest and back between the shoulder blades, to open

the pores. Then Vick's should be rubbed in over the entire chest and back, and covered with two thicknesses of hot flannel cloth. Leave the clothing loose around the neck, so the vapors released by the body heat may be freely inhaled.

These vapors, inhaled with each breath, carry the medication directly to the lungs and air passages. At the same time Vick's is absorbed thru and stimulates the skin, thus aiding to relieve the congestion within.

Use of External Treatments for Colds Increasing

Vick's VapoRub is the discovery of a North Carolina druggist, who found how the substances he used form the standard throat lozenges, Camphor—Menthol—Eucalyptus—Thyme, etc.—so that when the salve is applied to the body, heat these ingredients are absorbed in the form of vapors.

Vick's is particularly recommended for children's croup or colds, since it is externally applied and therefore can be used freely and often without the slightest harmful effects.

The best evidence of the value of Vick's is the steadily increasing number of people who have been converted to the use of this "outside" treatment.

Beginning with the customers of a small retail drug store, the use of Vick's has grown year by year—state by state—until now more than 17 million jars are used annually. And this is in spite of the fact that Vick's is a new form of treatment to many folks in the North and West. Vick's can be had at all druggists in three sizes—30c, 50c, or \$1.20.

Frenchville, were Clearfield shoppers yesterday.

Mrs. Sheridan Henretty of DuBois, is visiting her parents Mr. and Mrs. Robert Daugherty on Fourth street.

Miss Josteen Humberger is the guest of relatives in DuBois.

Mrs. A. M. Liveright left today for Philadelphia, called there on account of the death of Mr. Liveright's brother Louis F. Liveright.

Mrs. J. H. Kibely, of Beech Creek, is the guest of Mrs. S. E. Johnson, of Turpike avenue.

Hon. G. W. Bell, of Bell Landing, was a Clearfield visitor yesterday.

Miss Martha C. Hartman, who spoke at Trinity church last night, was the guest of Miss Carrie Powell, both having graduated in the same class at Wellesley.

Coming to the High School Auditorium Saturday evening at 8 P. M., Staff Captain William Halpin. Better known to soldier boys as "Dad." Everybody welcome.

PRESIDENT MAY ACCEPT TREATY RESERVATIONS

SAID TO HAVE INDICATED POSSIBILITY OF
GOING ALONG ON COURSE MAPPED
OUT BY SENATOR HITCHCOCK

CHANCE FOR RATIFICATION BETTER

WASHINGTON, Feb. 7.—Democratic Senators in conference today instructed Senator Hitchcock to fight in every way possible to bring up the treaty in the Senate for reconsideration Monday. The decision of the conference was unanimous, Hitchcock said. Hitchcock will decide later whether to make public a letter he received from President Wilson ten days ago concerning reservations and which he read to the conference. The letter lauded Senator Hitchcock's position. One Senator on leaving the conference said in his opinion the President's attitude has been slightly modified. This makes the league more hopeful of ratification.

WASHINGTON, Feb. 7.—Democratic senators met today at the call of Senator Hitchcock to decide on their program in the treaty discussion which will be brought up Monday in the Senate. There was little likelihood that any program would be agreed on which would make it acceptable to the whole Democratic minority. The only result of the meeting is likely to be that Senator Hitchcock will get a clear idea as to how the various Senators stand. Lodge is assured the support of 35 or 40 Republicans while Hitchcock may still have a larger percentage as he is depending on 43 or 47 Democrats.

WASHINGTON, Feb. 7.—A message from President Wilson outlining his present stand on the reservations to the peace treaty was read to the Democratic Senators today at a conference with Senator Hitchcock. After the letter was read the Senators reaffirmed the President's position of opposition to any reservation which will change the meaning of the treaty.

DUBOIS STATE ROAD CLEARFIELD DOWNS WILL BE BUILT NEW BETHLEHEM

It is practically certain that the two pieces of state highway that DuBois an vicinity have been desiring for the past two years will be improved during the coming summer. As stated the two lowest bidders for the two sections, that lead out into Brady township to Salom and the other leading out through Sandy township to the Jefferson county line, were called into Harrisburg on Thursday where they were in consultation with State Highway Commissioner L. S. Sadler and the state engineers. The Johnson & Kearns firm, which was the lowest bidder on the Brady township highway, was represented at Harrisburg by Philip Kearns. Mr. Kearns was closely questioned by the commissioner in regard to the equipment the firm possessed, its ability to get materials and its financial standing. All of these questions were satisfactorily answered by Mr. Kearns, and while no contracts were signed, Mr. Kearns was told to get his equipment in shape when he returned and be prepared to start in on the job as early as possible in the spring.

The Burnside Construction Company, which was the lowest bidder for the Sandy township highway, had a representative present at Harrisburg on Thursday and this firm was also told to get their equipment in shape for beginning work in the spring.

In accordance with this action by the state highway department there does not seem to be anything to interfere with the work getting under way in the spring and pushed to completion during the summer months.

It is certainly highly pleasing news to the people of DuBois as well as to the entire section to know that these important stretches of highway will be constructed during the coming summer.

The Old Cry.

It doesn't make any difference what happens, somebody is bound to arise to whisper that it is crooked. We overheard this man talking on a street car yesterday. "There's nothing the human family enjoys better than being suspicious of somebody or something."

Detroit Free Press.

AUGUSTA INVITING BOYS OF HISTORIC 28TH TO REUNION

The Pennsylvania Boys of the 28th Division, who trained at Camp Hancock prior to their participation in the war over-seas will assemble in the First Annual reunion of the 28th Division at Augusta, Georgia April 4th to 10th, 1920.

The close ties of friendship that have sprung up between the boys of the 28th Division and the good people of Augusta makes a great rejoicing among these boys of Pennsylvania and the men and women of Augusta, who have an inseparable affection and love for one another.

Special railroad rates will be secured from all parts of Pennsylvania to Augusta for this occasion, and it is contemplated that several thousands of the boys, their relatives, and friends will avail themselves of the opportunity to come back to Augusta to mix and mingle with their old friends at this time. Augusta's climate at this season of the year is particularly attractive, its broad streets and numerous shade trees, and blooming roses, with its old time Southern hospitality extends an invitation to the dear old boys of the 28th Division, which will be irresistible and the people of Augusta are looking forward with anxiety and pleasure to the return of the Keystone boys to Augusta.

Elaborate plans of entertainment have been arranged by the various civic and commercial organizations of the city, barbecues, carnivals, dances, theatre parties and many other forms of amusement that will entertain and delight the visitors.

The boys of the 28th division will be entertained in the best homes in Augusta, and special rates at the hotels will be made for the accommodation of the families, relatives and other friends from Pennsylvania. All expenses for the entertainment of the boys will be borne by Augusta.

Numerous letters have been received by the board of commerce and other organizations in Augusta seeking information regarding this reunion, and indications point to a large and enthusiastic gathering of the Pennsylvania boys in Augusta during the first week in April.

There are located in Augusta at the present time more than fifty of the Pennsylvania boys, who have returned here since their retirement from the army. These boys are joining whole heartedly with the Augustans in their plans for the reunion.

A committee of representative business men and women of Augusta will visit various points in Pennsylvania at an early date to extend the invitation formally to the boys of the 28th Division, thru the newspapers and personally as far as possible.

the like are never permitted. However, it sometimes occurs that outsiders indulge in such caterwauling and spoil the entire evening for those who enjoy fair play. Last night a bunch of young rowdies in one corner of the gym set up a cry of "We've Got Their Goat," and kept it up for several minutes on several different occasions.

Clearfield fans do not propose to have their reputation for giving everybody a square deal spoiled by a bunch of thoughtless kids and unless such actions cease voluntarily, steps will be taken to enforce the spirit of the school.

League Standing

As a result of the contests played last night in the Inter-scholastic League Punxsutawney retains the lead, DuBois moves into second place, Reynoldsville drops to third, Clearfield moves up to fourth New Bethlehem drops back to fifth and Brookville brings up the rear.

Punxsutawney won from Brookville at Brookville by a score of 39 to 24; Clearfield defeated New Bethlehem at the county seat by a score of 33 to 29 and DuBois defeated Reynoldsville by a score of 45 to 33.

The standing:

	W. L.	Pt.
Punxsutawney	5	0 1000
DuBois	4	1 800
Reynoldsville	3	2 600
Clearfield	2	3 400
New Bethlehem	1	4 200
Brookville	0	5 600

Sweetest Tones.

The sweetest voice is not in the orchestra, but in the human voice when it speaks from its instant life tones of tenderness, truth and courage.—R. W. Emerson.

AMERICAN TRADE WITH MEXICO

By RALPH H. TURNER
(United Press Staff Correspondent.)
CITY OF MEXICO, Jan. 20. (By Mail).—Mexico's purchases from the United States during 1920, will reach a value of approximately \$150,000,000. William F. Saunders, formerly of St. Louis, and now secretary of the American Chamber of Commerce of Mexico, estimated today in talking to the United Press representative.

Saunders was speaking of America's growing trade with Mexico, in connection with the trade conference which will be held here February 1, 12 and 13, under the auspices of the American Chamber of Commerce. Neither diplomatic tangles between the United States and Mexico, nor Mexico's internal disorder, have halted the increase in American trade. Saunders' estimate was based on past figures and on present indications. He does not overlook the fact that he unexpected usually happens in Mexico, but the present, he believes, points to further expansion in American commerce.

"According to the latest figures available," he said, Mexico, during the twelve months ending July, 1919, bought goods from the United States valued at \$119,962,982, an increase of \$12,855,949 over the preceding year. At the present time there is a perceptible advance in the standard of living of the Mexican people and their demands are increasing. Their purchases during 1920 will include all kinds of machinery—mining, oil, electrical, sugar and agriculture—automobiles, chemicals and drugs, hardware, tools, all kinds of clothing, building materials and food products. "Manufacturers and jobbers who want Mexican trade are advised to establish themselves now in this country, advertise their goods, and while profiting by present conditions, build for the future."

The American Chamber of Commerce was organized toward the close of the war, with the encouragement of the State Department, to promote American business in Mexico. It aims today to analyze markets, aid in the establishment of agencies, provide credit data and render a general information service useful to the American manufacturer and exporter.

YORKE-PROVANDIE CONCERT PLEASING

Miss Helen Yorke and Wadsworth Provandie were accorded an ovation by a large audience in the Majestic theater last evening when they appeared in concert under the auspices of the Civic Club. Both singers, who made a decided impression on Williamsport music lovers and musicians during their engagement in the city several weeks ago with the DeFoe Opera company, were given encore after encore and the large audience would have apparently been satisfied to spend an indefinite length of time under the spell the artists wove with their marvelous display of vocal power and technique.

Not the least of Miss Yorke's attractions is her charming personality by which she won scores of new friends last evening and her ability to sing with finish and power was displayed to advantage in her repertoire. "The Solov's Song" especially won the enthusiastic applause of the audience.

"Eri tu che," from Verdi's "Masked Ball," sung by Provandie, literally brought down the house and he was forced to respond again and again to an audience that would not be satisfied.

Not the least of the musical treats of the evening were the duets by Miss Yorke and Mr. Provandie, notably "Duetto in sol" from the "Barber of Seville."

The announcement made at the opening of the concert led to a slight misunderstanding relative to the program. The last trunk contained only Mr. Provandie's music and he was able to get copies of all of it in the city except his songs in English, for which he substituted arias from operas. Miss Yorke's program was intact.

Marian Lena ists, of Back Bay, Boston, was the accompanist, and no accompanist who has appeared here, and some of the best have preceded her, ever gave more satisfaction to the audience. She is an artist, herself, giving concert recitals, and is

"FLU" SITUATION NOT OF THE BEST

There is a great deal of influenza in this community at this time, and while the disease is in a much milder form than that of 1919, it is sufficiently annoying and dangerous enough to warrant the general public to take every precaution against a possible epidemic.

Local doctors say they are attending many cases in their regular practice and in almost every instance where the disease succeeds in attacking a member of a household, it invariably afflicts every member thereof before running its course, and while the doctors are in agreement on the proposition that no general quarantine is necessary at this time, but they do emphasize the necessity for everyone taking all precautions possible. Remain out of crowds, avoid anyone with a cough or sneezing, use solutions for spraying the throat, etc. It is also recommended that stores, offices, shops, etc., be thoroughly fumigated and that they be sprinkled with disinfectants frequently. The doctors desire that all measures be taken to counteract the possibilities of an epidemic and they wish the hearty co-operation of every citizen.

It is a simple matter to get influenza. By the same token, it is a fairly simple matter to keep from contracting the disease. Almost everyone is exposed to the germs, and probably the majority carry bacteria around with them. Just as long as the protective forces of the body are up to standard the bacteria will be kept from developing. It is only when resistance is lowered that the disease claims a person. A chill is enough to put one to bed with a well developed case. To keep from contracting the disease, take plenty of sleep, eat plain food, keep as warm as possible physically and as cool mentally, keep your feet dry and don't. That is, just observe the common sense rules of living. "Flu" germs will then not bother you.

FAIR DEPARTMENT SUPERINTENDENTS

The Clearfield County Agricultural Society is already hard at work arranging the program for Clearfield County's Big Fair for 1920. At a recent meeting of the Executive Committee of the Society, the following Superintendents of the different divisions at the fair were named:

Supt. of Traffic.—Roll B. Thompson.
Supt. of races.—Ernest E. Orcutt.
Supt. of Machinery and Farm Implements.—A. M. Pearce.
Supt. of Merchants' exhibits.—LeRoy J. Boyce.
Supt. of Agricultural exhibits.—L. A. Banta.
Supt. of horses and cattle.—T. L. Way.
Supt. of sheep and swine.—Curtis Reel.
Supt. of poultry.—Orvis Guelich.
Supt. of home made foods.—Mrs. Curtis Flegel, Mrs. W. E. Davis, and Mrs. J. D. Bailey.
Supt. of art and household industries.—Virginia Bigler.
Supt. of grange and individual farm exhibits.—A. H. Reed.
General Supt. of school and children's department.—W. P. Trostle.
Supt. Section 1. Public School work.—J. E. Radebach.
Supt. Section 2. Agricultural and domestic science work.—Clair D. Ross.
Supt. Section 3. Stock judging contest and club work.—W. C. Sterlit.
Supt. of Floral exhibits.—Richard Gilbert.
Supt. of Forestry.—William Dague.
Supt. of fruit, vegetables and grain.—W. P. Tate.
Supt. of Mineralogy.—Prof. George E. Zerfoss.
Supt. of Historical exhibits.—J. Frank Snyder.
Supt. of Better Baby contest.—Miss Rothrock.
A meeting of these Superintendents of Divisions has been called for the Y. M. C. A. for next Tuesday afternoon, February 10th, at which time plans will be outlined and suggestions asked for.

on this tour only out of friendship for Mr. Provandie. While the audience appreciated her wonderful work, it did not know that owing to the loss of the trunk, she was not only reading the music, but transposing it as she played.—Williamsport Gazette & Bulletin.

THRIFT STAMP CAMPAIGN IN CLEARFIELD COUNTY TO BE GREATLY SPEEDED

W. Harrison Walker, Esq., of Bellefonte, met a representative assemblage of Clearfield and Clearfield county people, including several very energetic Phillipsburg ladies representing that town which was made a part of the district embraced by the major portion of Clearfield county in all previous war activities, at a meeting at The Dimeling which had been called for the purpose of waking Clearfield county people to the absolute necessity of whole-hearted enlistment in the thrift campaign fostered by the United States government.

Mr. Walker was the head of the Thrift stamp movement in the eastern district embracing forty-eight counties of the state, during the World war and made a record which won him unlimited praise from the national head of the movement.

County Superintendent W. F. Trostle is the chairman of the Thrift campaign in Clearfield county and presided at today's meeting. Many of the local and county teachers, representatives of the different women's clubs or societies, the banks, chamber of commerce and the local newspapers were present. Mr. Walker addressed the gathering on the advantages to be gained from a proper movement for Thrift among the people—especially the young people—of the county and asked that every school in the county be organized and affiliated with the national organization. He said in substance that while uninformed people regarded the Thrift stamp campaign as a war measure, because of its having been started as a war measure, it is far more important as a peace measure, because if we wasteful

He showed that of the more than five hundred and fifty schools in Clearfield county but 15 were engaged for the Thrift campaign, and pleaded for a 100 per cent co-operation from the teachers of the county and closed by pointing out that wasteful Clearfield county was forty-fourth in the list of forty-eight counties making up the eastern district of Pennsylvania, with a per capita purchase of Thrift stamps during 1919 of but 54 cents.

Following his address talks were made by Supt. Trostle, Principal Clair Ross, of Junior High, Augusta Connelly, of Market street schools, Mrs. George B. Reed, and Mrs. John H. Martin, of the local Women's club and Mrs. George W. Seigler, representing the Phillipsburg contingent.

Plans of campaign were then agreed upon and County Chairman Trostle and his aides will endeavor in the near future to place Clearfield county where she naturally belongs in this all-important movement.

An excellent Dimeling luncheon was enjoyed at the finish of the last measure, because if we wasteful

GERMANY WON'T HAND THEM OVER

BERLIN, Feb. 7.—Germany will resist to the utmost the Allied demand for surrender of the war guilty according to a statement today.

RESCUING SHIPWRECKED PASSENGERS FROM LINER

NEW YORK, Feb. 7.—Passengers on the Old Dominion Liner Princess Anne were being transferred in smaller boats to the coast guard cutter Manhattan early this afternoon. The transfer was being made by two boats and a police launch and a coast guard cutter. The police craft was the first to reach the big liner and was greeted with cheers by the benumbed passengers and crew who have been without heat or warm food since early yesterday. Six women and three men were the first transferred.

ANOTHER BREAK IN WILSON CABINET

WASHINGTON, Feb. 7.—Secretary of the Interior Lane has forwarded his resignation to President Wilson and it has been accepted, it was announced at Lane's office today. Lane visited the White House early today and it is understood that he carried his resignation with him at that time. Lane's resignation is effective March 1.

BRITAIN DENIES AMERICAN EMBARGO

WASHINGTON, Feb. 7.—Denial that an embargo had been placed by the British on cotton shipments from the United States was received today by the state department declaring that such a measure would be "impossible to execute." In connection with the sensational fall of the exchange value of the British pound it had been reported that importation of American cotton had been banned by the British government.

BROTHERS REUNITED AFTER THIRTY YEARS

William Westcott, of Lazyville, Wyoming, is a most welcome guest at the home of Mr. and Mrs. M. E. Westcott, on Nichols street, at present. The Westcotts are brothers, but when William stepped into the Westcott home last evening, it was the first meeting of the brothers in more than thirty years. They were raised near Scranton and striking out for themselves soon became separated. William located in Wyoming, where he engaged in ranching on a large scale, while M. E. remained in the east. The reunion after all these years is a practically happy one.

A peculiar thing happened in connection with the visit of William to his brother. He had never seen his brother or any member of his family since locating in the west and it happened last evening that Edgar Westcott, the local representative of the State Highway Department, and son of M. E. Westcott, was at the Pennsylvania station when the 6:45 train arrived from Tyrone. An elderly man

single him out from among all the other people standing on the station platform and asked him if he knew

Wiser Than Solomon.

Frederick and Evelyn were twins. On their fifth birthday their father brought them home a small dog, telling them they could own it together. On being petted the dog growled, but finally wagged its tail. Evelyn exclaimed: "I never saw him before and I'll take the dog—the most friendly one."

Caster Oil for Croup.

In a case of croup—poisoning from eating spoiled vegetables or fruit and most common with canned goods—the most effective remedy is a generous dose of castor oil. But it must be given quickly, as one of the effects of the poisoning is to paralyze the intestines, and when this has taken place the oil will do no good.

Large as a Thumb.

A baby kangaroo is little larger than a man's thumb.

The car shortage has brought coal mining in the Central Pennsylvania field almost to a complete standstill practically speaking, and hardly a single one of the larger operations throughout this section is turning a wheel. In fact the car situation was never so bad in the history of the coal business.

Local railroad officials are unable to even guess when conditions may improve in this regard. Flat cars have long been "out of sight" and now it is said that a general order has been issued to all eastern railroads to ship west every empty box car they can get their hands on.

The severe weather conditions of the past month are said to be partly to blame for the car shortage but the almost total breakdown of the railroads in this regard is past understanding up here in the wilds of Pennsylvania.

DO WE WANT HIGH CLASS ATTRACTIONS?

The Womans Club's Provandie-Yorke recital on Monday evening offers Clearfield the chance to prove whether it really wants a regular course of high class musical attractions or whether under the inspiration of enthusiasm it will occasionally submit to a concert at a variation in its program of amusements and entertainments. The Provandie-Yorke recital is not a money making project for any one else we would not be advocating it in this place. These artists are being brought to the city by the club with the aim of giving all Clearfielders the same opportunity to enjoy attractions our people are constantly visiting larger cities and musical centers to hear. Now that they are brought to our doors let us receive them with an enthusiasm that is due an event of this importance.

LINCOLN'S DREAM

Superintendent Anderson of the New York Anti-Saloon League says that he personally found in the files of the Sagamon Journal of Springfield, Ill., the report of an address made by a young lawyer of that city before the Washingtonian Temperance Society, February 22, 1842, in which the young man said:

"When there shall neither be a slave nor a drunkard on this earth—how proud the title of that land which may truly claim to be the birth place and cradle of both these revolutions. How nobly distinguished that people who shall have planted and nurtured to maturity both the political and moral freedom of their species."

The speaker was Abraham Lincoln.

DRUGGIST MUST FILE A BOND EVERY TIME HE LOOKS AT HIS WHISKY

HARRISBURG, Feb. 7.—Question:

How to get a barrel of liquor from the Reading Railroad station to Forney's drug store, given the liquor, an anxious public with its hands full of doctor's prescriptions, and an alert internal revenue agent ready to pounce on any traveling booze.

Answer: Find a trucker willing to put up bond sufficient to cover transportation of liquor from said station, etc., etc., and you will have solved a very perplexing problem.

For the Forney drug store recently decided to assist the long suffering public to the extent of getting some whisky in order to fill doctor's "flu" prescriptions. They bought the whisky, putting up money for a bond; the Reading Railway Company brought it to Harrisburg, also putting up some coin for a bond; the Forney Company took out a license to dispense the desired liquid; but

there is many a drayman, trucker, the United States and Mexico, nor of the roads who will take a chance on transporting the whisky five blocks on the chance of a revenue agent catching them and interfering with his truck.

Any old blockade runners or moon-shiners who are skilled in the art of smuggling old redevs may get a chance to try their hand; the other alternative is to put up the money for transport.

Her Preference.
Emily was eating at a restaurant with the family and had finished an order of waffles. She was still hungry and her father asked her if she would have something more—a sandwich, perhaps. She said: "No, I would rather have another set of these than anything else."

Question of Ownership.
A little boy, explaining about some new neighbors next door, said: "Well, those two oldest children belong to him and those two little girls belong to her, and they both own the baby!"

How To Become A Saver

The Saving Habit (for saving is a habit) is not a natural one to most of us. It must be cultivated.

It may be hard at first, but the end sought, financial independence, is worth all its costs; and the longer you practice it the easier it becomes.

The only way to become a saver is to set aside each pay day a certain part of your earnings to be saved. Do it regularly and systematically. Soon it will become a habit. It will add to your peace of mind; for if hard times or adversity come your money will take care of you.

The place to keep your savings safe is the bank. The County National invites your account.

The County National Bank OF CLEARFIELD

The oldest bank in Clearfield County

LIFE WAS A MISERY TO HER

Says this Woman Until Relieved by Lydia E. Pinkham's Vegetable Compound.

Carrollton, Ky.—"I suffered almost two years with female weakness. I could not walk any distance, ride or take any exercise at all without resting. If I swept the floor or did any kind of work it would bring my sickness on. I was weak and languid, had no energy, and life was a misery to me. I was under the care of a good physician for several months and tried other remedies. I had read of Lydia E. Pinkham's Vegetable Compound and decided to try it. After taking twelve bottles I found myself much improved and I took six more. I have never had any more trouble in that respect since. I have done all kinds of work and at present am an attendant at a State Hospital and am feeling fine. I have recommended your Vegetable Compound to dozens of my friends and shall always recommend it."—LILLIAN THARP, 224 S. 9th St., Carrollton, Ky.

If you have any symptom about which you would like to know, write to the Lydia E. Pinkham Medicine Co., Lynn, Mass., for helpful advice given free of charge.

EVE STRONGER THAN ADAM: STATISTICS PROVE FACT

It is customary to speak of man as stronger than woman, though this is half true, half false; for although he is stronger of frame and muscle and more active, he is of a markedly weaker constitution, less resistant to the enemies of life. And this difference seems native and intrinsic, not due to external or to the chance arrangements of society; for already in infancy the man-child is more open to the attack of mortal disease. Where 100 girl babies die in the first year of life, our census shows that there die about 130 boys.

In the sense organs there is a difference closed to what we know of mind, and which is not wholly in accord with the common thought that women are more sensitive than men. They are more delicate of touch and can perceive certain tastes, notably sweet, at a low degree that escapes the man, although for salt and sour and bitter, as well as for smell in general, the evidence is not so clear.

In Miss Nelson's experiments in California, says George Melvin Stratton in the Century, the men were able to hear fainter tones, and for all but one of several pure colors of the spectrum the men, contrary to the popular belief, detected the color at a lower intensity than did the women.

But, besides this difference in the senses when they are normal, serious defects of eye and ear come far more often to the man and to the man-child. Color blindness, which is usually innate and is therefore not to be ascribed to the manner in which man lives and works, is about tenfold more frequent among men than among women. Blindness pure and simple is also more frequent among men.

Of the number reported totally blind in our country, about 20,000 are male and 15,500 are female. As male blind is not due entirely to the proof that this great excess of the greater danger in men's work, there is a great excess of males among those blind at birth. The most serious defects of hearing also occur oftener among men; for of those reported in our census as totally deaf there are thousands more male than there are females.—Easton Free Press.

HAVE YOU LOST?

Have you lost your sense of your responsibility to God? When we do that, we are like a ship without an anchor in time of storm. We kindly ask you to stop and see where you are at with God and His great salvation.

You are kindly urged to come to Sunday School in Woodland M. E. church at 10:00.

Preaching at 11:00 and 7:30. Young people's meeting at 7:00. Come and show the young people that you mean to help them to live a godly life. We should not expect others to live a better life than we are willing to live in the sight of God. Subject for 7:30: "How to Know Truth."

500 EMPTY CELLS MAKE ALLEGHENY WARDEN BLUE

PITTSBURGH, Pa., Feb. 6.—Warden Edward Lewis of the Allegheny county jail feels lonesome these days with 500 empty cells on his hands, whereas only a matter of eight or nine months ago he was asking the judges of the courts to give him more room because of the overcrowded condition of the jail.

In his report made to the authorities he says that there are 500 empty cells right now in the jail, out of the 740 in his charge. The following figures give an idea as to the difference between pre-prohibition times and the present: For the first six months of 1919 the warden housed 7,463 inmates, while during the last six months of the year the number was 3,125 a falling off of 4,338 cases. The number of days these prisoners were maintained in the aggregate amounted to 103,324 in the first six months, and only 53,139 in the last six months.

He had fifty-seven murder cases between January 1 and June 30, while in the next six-month period he had only sixteen. In the first half of the year fifty-five men were in the hospital, and only two in the last part. There were ten deaths in the first section of the year and only one in the second. There were thirty-one delirium tremens cases during the liquor period, and none in the second period.

Record Hurricane Damage.

The worst hurricane of which any record exists was that of October 10, 1780, which started in the Barbados, an English fleet anchored off St. Lucia simply disappeared. Nearly every building on the island was blown down and 6,000 people buried.

No More Pedaling

All the drudgery of sewing vanishes when you have a Davis Portable Electric to help you. Each task is finished quickly and easily.

Sewing is actual fun with a Davis Portable Electric. Motor-driven, it does the real work while you watch and control it. No more laborious pedaling. You merely press the foot control and guide the material as it flows away under the flying needle.

As convenient and necessary as the electric iron, electric washing machine and vacuum sweeper.

There are three DAVIS Portable Electric models, each enclosed in a handsome dust-proof carrying case. Price is remarkably low. See these modern time and labor-saving models at our store or phone today for free trial.

WHERE THEY'LL UNLIMBER

(By United Press.)

With the first gust of March winds, the sixteen major league ball clubs will journey to the sunny south for six weeks training.

Seven states of the south have been selected for the training camps. Florida is the most popular having been the choice of four clubs, Texas is second with three, Alabama, Arkansas, Georgia and Louisiana will be host to a pair and California will have one team.

Following is a late list of the 1920 training sites:

National League	
Pittsburgh	Hot Springs, Ark.
Cincinnati	Miami, Fla.
Chicago	Pasadena, Cal.
New York	San Antonio, Tex.
Brooklyn	Jacksonville, Fla.
Boston	Columbus, Ga.
Philadelphia	Birmingham, Ala.
St. Louis	Brownsville, Tex.
American League	
Boston	Hot Springs, Ark.
Cleveland	New Orleans, La.
Detroit	Macon, Ga.
St. Louis	Mobile, Ala.
New York	Jacksonville, Fla.
Chicago	Waco, Tex.
Washington	Tampa, Fla.
Philadelphia	Lake Charles, La.

The Wise Man.

He is the wisest man who would have the least to do with the multitude.... It is not for the wise man to be much affected with the censures of the rude and unskillful vulgar, but to hold fast unto his own well-chosen and well-fixed resolutions; every fool knows what is best to be done; but what is best to be done, is known only to the wise.—Joseph Hall.

The Buddhist Printer.

In many of the monasteries of Siam the Buddhist monks print books in a manner which has been handed down from generation to generation. Movable type is not used, but each page is carved upon a solid wood block, and thus whenever a new book is printed entirely new blocks have to be made.

NEWS OF OUR NEIGHBORS CURWENSVILLE

It is more than likely that the question of erecting another school building will confront Curwensville taxpayers before many months go by. In conversation with one of the board of school directors Wednesday, the information leaked out that the three present buildings were inadequate to accommodate the present number of pupils attending the schools and many of the rooms were overcrowded.

Under a decision of the state board of health it is not now obligatory for a physician to report cases of influenza within their bailiwick to the secretary of a local board of health; neither is it now necessary to provide a house wherein the disease predominates, therefore newspaper men and reporters are unable to report the exact number of cases in his town. It behooves visitors before they enter the home of a friend, to ascertain whether or not any flu is within. Before the new decision the newspapers kept the people posted as to whom were affected with the disease, and they knew enough to stay away from that home until all danger of contracting the disease had passed.

Comfort, Health and Happiness

The enjoyment of these three priceless gifts depends, in the cold months, almost entirely on the heating conditions of your home. You can have them only if your house is thoroughly warm, upstairs and down, at any hour of the day or night. They will be yours in unlimited measure if you install a

CALORIC

This is the wonderful furnace that upset all previous theories of heating. It does not radiate heat as stoves do, but circulates it. It requires no pipes to convey its heat, but sends it up through one register. It is therefore quickly installed in old or new buildings, often in a day, without interfering with present heating arrangements.

The cost of installation and maintenance of the CALORIC in money and labor is less than the number of stoves required to heat the same space. It burns any fuel—coal, coke, wood, lignite or gas—and heats the entire house, three rooms to eighteen, with one-third to one-half less fuel than you have been using.

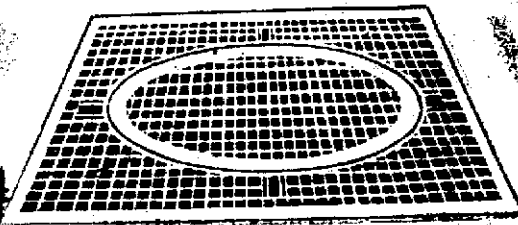

The CALORIC is heating satisfactorily hundreds of churches, stores, factories and other buildings. Thousands of letters from our more than 50,000 satisfied users prove all our claims.

The CALORIC is sold under the Monitor Ironclad Guarantee. Call, or write for the CALORIC Catalog and booklet of interesting letters from local satisfied users.

SUNDAY SCHOOL LESSON

(By REV. P. B. FITZWATER, D. D.,
Teacher of English Bible in the Moody
Bible Institute of Chicago.)
(Copyright, 1920, Western Newspaper Union)

LESSON FOR FEBRUARY 8 PETER AT LYDDA AND JOPPA.

LESSON TEXT—Acts 9:32-42.
GOLDEN TEXT—The prayer of faith shall save the sick, and the Lord shall raise him up.—James 5:15.
ADDITIONAL MATERIAL—Luke 8:17-18.
PRIMARY TOPIC—What a Kind Woman Did.
JUNIOR TOPIC—What Peter Did at Lydda and Joppa.
INTERMEDIATE AND SENIOR TOPIC—The Beauty and Influence of an Christian Life.

In order to grasp the significance of this lesson, we should recall the condition which prevailed in the church as suggested in verse 31. Three characteristics are outstanding:

1. **Freedom From Persecution.** Saul, the ringleader of the persecuting forces, had just recently been converted, thereby disorganizing their forces, allowing the church to enjoy a breathing spell. This period of rest did not result in its growing lazy, indifferent, worldly, and forgetful of God, but in growth in grace and in the knowledge of the Lord Jesus.

2. **Spiritual Growth and Development.** The real meaning of the word "edified" is "built up." This does not mean merely that the members were being instructed and comforted, but that strenuous efforts on the part of the individual members, as well as the body as a whole, were being made for the advancement of the divine life.

The word "edify" contains the metaphor of some grand building or structure. As suggested by another, this metaphor involves (1) a foundation. This is Jesus Christ—no other dare he build (1 Cor. 3:12-16). (2) A continuous progress. This means that a Christian's activities are purposeful and that the work he undertakes moves forward with the proper progress. (3) Persistent effort. This means that the present day's work begins the foundation upon which tomorrow's work must be built. Thus day by day his life is being raised higher and higher, as each separate round of material is being laid by strenuous efforts. (4) A completion. Finally the work is done, the building is completed, the top stone is brought forth and placed.

3. **Outward Growth.** Building up within the church causes the whole work to be admired and respected by those without, including them to come and identify themselves with the cause. There can be no forward movement without unless there be a corresponding movement within.

Our lesson today is the record of two stupendous miracles. They are the greatest signs wrought since the day of Christ. The dreadful malady of palsy is vanquished, and a corpse is re-animated by the departed soul. The occurrence here of this miracle is in keeping with the movements of the church at this time. The Lord had promised these signs as they went forth with the gospel message. They were given as encouragements to the disciples, to convince them that the gospel did not lose any of its power by being spread, but rather that its power increased. As the church goes everywhere preaching the Word there will be a corresponding manifestation of power.

I. The Healing of Eneas (vv. 32-35). This man's needy condition appealed to Peter, just as men today should appeal to us in their semi-dead state. Like his Master, Peter could not refuse the needed help. In this he did not direct attention to himself, but confidently appealed to the power in the name of Christ: "Jesus Christ, heal him." The man who had kept his bed for eight long years immediately arose and made his bed. When the Lord heals it is done instantly. Peter wisely kept this miracle from being the end by making it the means to the end. That end was the preaching of the gospel. This brought most gratifying results, for "all that dwelt in Lydda and Sharon saw him and turned to the Lord."

II. The Raising of Dorcas (vv. 36-43). This woman was full of good works and alms-deeds which she did, not talked of doing. She was a practical Christian woman of the kind that gets down to the practical way of showing her love by doing deeds of helpfulness. Her death was a real loss, as was evidenced by the mourning of those who had been helped. When this good woman fell sick and died, the disciples sent for Peter. Peter put them all forth. At his command her soul came back to live in her body. This again caused them to believe on the Lord.

Read the Bible and Think.
"It is a good plan to read a book of the Bible through rapidly at a sitting in a shady garden, or on a cliff looking over the sea; then to close the book and think."—Church Family Newspaper.

Transformed Into New Man.
As iron put into the fire loath its rust and becomes clearly red hot, so he that wholly turneth himself unto God puts off all selfishness, and is transformed into a new man.—Thomas a Kempis.

Make Concrete Buoy.
Floating mooring buoys have been made of concrete by an English inventor.

PLAN BOXING RULES TO COVER SPORT THRUOUT WORLD

PARIS, Feb. 5.—(United Press)—Boxing authorities of two continents are expected here today to attend a two-days' congress of the International Boxing Union.

America alone, of the leading nations, will not be formally represented. Delegates from England, Australia, Belgium, France, Greece, Holland, Italy, Norway, Switzerland and Argentine Republic have been certified.

New boxing rules, new regulations for the conduct of world's championship fights and the official appointment of the professional champions of the world figure prominently on the program of business outlined.

The union, which has for its ambition, the supervision and direction of all international boxing, will recognize champions in the following classes: flyweight, up to 112 pounds; bantamweight, up to 126 pounds; lightweight, up to 135 pounds; welterweight, up to 147 pounds; middleweight, up to 160 pounds; light-heavyweight, up to 175 pounds; heavyweight, everything above 175 pounds.

After a championship has been won, according to the new rules, the winner cannot refuse a lawfully submitted challenge, which the union certifies as one filed with its officers. The champion cannot ignore a challenge because the stakes are too low and must answer within three months. The rules also provide that the championship cannot change hands unless it has been understood in advance that the championship is at stake.

Championship fights are established with a minimum of ten rounds and a maximum of twenty rounds. In a case of disagreement the champion is allowed the choice of the same number of rounds in which he won his title or successfully defended it.

Decisions are placed in the hands of a referee and three judges or a referee and one judge. In granting a decision the following considerations are outlined in the new rules: 1-Efficient attacks with both hands. 2-Defense. 3-General science. 4-Efficiency of the blows. 5-Endurance.

Another clause of the rules limit the fighter to one second in his corner and curbs the activity of the second by prohibiting him from talking or giving any advice by word or sign to the fighter in the ring. Such an act as dashing water on a prospective boxer as a means of reviving him makes him disqualified immediately.

As composed at the present time the union consists of French, English, Swiss and Belgian boxing organizations or individuals, who, under the initiative of the French, have been working on an international association plan since 1910 when the French boxing federation attempted to convene an international conference. Neither the English nor American authorities showed any enthusiasm at that time and even now they are not greatly interested.

In 1913 another meeting was held and in 1914 the boxing union was organized. Activities were then interrupted by the war and this year's session again has the task of blazing the trail toward the elysium of boxing.

Sage Tea Keeps Your Hair Dark

It's Grandmother's recipe to bring back color, youthfulness and lustre—Everybody is using it again.

Gray hair, however handsome, denotes advancing age. We all know the advantages of a youthful appearance. Your hair is your charm. It makes or mars the face. When it falls, turns gray and looks streaked, just a few applications of Sage Tea and Sulphur enhances its appearance a hundred-fold.

Don't stay gray! Look young! Either prepare the recipe at home or get from any drug store a bottle of "Weyth's Sage and Sulphur Compound," which is merely the old-time recipe improved by the addition of other ingredients. Thousands of folks recommend this ready-to-use preparation, because it darkens the hair so beautifully, besides, no one can possibly tell, as it darkens so naturally and evenly. You moisten a sponge or soft brush with it, drawing this through the hair, taking one small strand at a time. By morning the gray hair disappears; after another application or two, its natural color is restored and it becomes thick, glossy and lustrous, and you appear years younger.

Sunday With the Churches

ELEVENTH STREET M. E. CHURCH

The Fourth Quarterly Communion Service will be held in the Eleventh Street Methodist church Sunday morning at 10:30 o'clock. The service will include the reception of members and the rite of Baptism.

Junior League and class in preparatory membership, 2:30 P. M.
Epworth League Meeting, 6:30 P. M.
To all the services of the church a cordial welcome is extended.

COUGHED NIGHT AND DAY FOR TWO YEARS

Mr. Parkhurst found quick relief from chronic bronchial trouble.

"Two years ago, I had a gripe which left me with a bad cough. Finally this became chronic bronchial asthma, and four doctors said it could not be cured. I commenced taking everything my friends recommended, but I got worse instead of better. For two years, I was unable to do any work except to cough constantly night and day, which was the hardest work I ever did. Finally I got hold of Milks Emulsion. It benefited me so much, right from the start, that it came as a God-send. In two months I was perfectly cured. Gained in health, strength and flesh rapidly."—J. M. Parkhurst, Leon St. W. Terre Haute, Ind.

Coughs like this seldom yield to local treatments. The surest way to reach them is to build up and strengthen the whole system. For any obstinate cough, Milks Emulsion is a remarkable remedy. Milks Emulsion is a pleasant, nutritious food and a corrective medicine. It restores healthy, natural bowel action, doing away with all need of pills and cathartics. It promotes appetite and quickens the digestive organs in shape to assimilate food. As a builder of flesh and strength, Milks Emulsion is strongly recommended to those whose sickness has weakened, and is a powerful aid in resisting and repairing the effects of wasting diseases. Chronic stomach trouble and constipation are promptly relieved—usually in one day.

This is the only solid emulsion made, and so palatable that it is eaten with a spoon like ice cream. Truly wonderful for weak, sickly children. No matter how severe your case, you are urged to try Milks Emulsion under this guarantee—Take six bottles home with you, use it according to directions and if not satisfied with the results your money will be promptly refunded. Price 60c and \$1.20 per bottle. The Milks Emulsion Co., Terre Haute, Ind. Sold by druggists everywhere. Guaranteed by Stewart's Drug Store.

SUNDAY MEETING AT Y. M. C. A.

All are cordially invited to the big Y. M. C. A. Sunday afternoon meeting at 4 o'clock.
Come early for the song service and to hear the plain spoken address: "Is There a Hell?" Tickets issued and front reserved seats for all who think there is not.

PO' OL' ADAM!

By Frank L. Stanton

Adam was his own boss
"Twel he gone ter sleep,
Den it wuz he los' a rib.
An'—trouble in a heap!

He riz up, he riz up—
Fer dar he couldn't stay;
An' "Whar dat rib I had?" he said,
"I one rib short today!"

Den Eve, it wuz, dat answered—
An' skeered he wuz, fer sho'!
"I don't keer if you los' a rib—
You don't deserve no mo'!"

"An' now I gwine ter tell you
Keep quiet ex a mouse,
'Kaze I de very lady
What's rummin' of de house!"

"You got ter make de money—
You got ter rise an' shine;
Git up an' eat yo' brakfast
An' go long whar you gwine!"

Adam ain't say nothin'—
De talkin' never cease;
"I'll go dar, whar dem lions at
Ter get my rest an' peace!"

You reckon he wuz peaceful?—
Befo' de day wuz gone
Eve made him split de kindlin'
And put de kettle on.

Adam—po' ol' Adam!
Frum den outil dis day
He had des one opinion:
"I sleep my rights away!"

Harrisburg Telegraph.

DEATH DUE TO STORM

JERSEY CITY, N. J., Feb. 7.—One man was killed and three others slightly injured today when a passenger locomotive collided with a switch engine in the Pennsylvania railroad yards. John Ferguson, 20, of New York, a brakeman, was killed when the switch engine overturned. The accident was due to the snow which obstructed the view of the signals, officials told the police.

STOCKS RANGE HIGH

NEW YORK, Feb. 7.—Prices were for the most part higher at the stock market opening here today. United States Steel was up 1-2, at 100 1-4. Studebaker at 55 up 1-2. Republic at 161 up 1-2. Crutcher at 209 off 2 1-2. Bethlehem R. at 50 5-8 off 3-8.

Self-Appreciation.

When Effie was visiting her aunt she found, on the table, a photograph of herself taken when she was 3 weeks old. "O. Aunt Emma," she cried: "Who is this ugly, chubby little baby?"

Your Satisfaction Is My Success

The fact that I devote myself exclusively to the scientific examination of the eyes and the furnishing of glasses at moderate prices, up-to-date methods, and a perfectly equipped room for examinations has made the words "satisfaction" and "success" synonymous.

C. C. ARNOLD

Entrance at Paper Store Over Singer Sewing Machine Store. Open daily and evening.

Good Equipment is Worthless Without Good Lubrication

The efficiency of your mine machinery and rolling stock can never be greater than the efficiency of its lubricant.

Cut out waste—Increase efficiency and output by using

It's saving time, labor, equipment and money in many of America's greatest mines. It is unaffected by extremes of heat and cold and insoluble in water.

There's a Keystone density for every type of mine car wheel and every bit of equipment which requires lubrication.

Arrange for a trial installation.

See the "Keystone Man" in your district, and write today for Bulletin 26

SPIRITUALISM BLAMED

LONDON, Feb. 7.—One hundred thousand cases of insanity in England has been caused by spiritualism, it is declared.

Sir Oliver Lodge got away to America.

Hot Water Each Morning Puts Roses in Your Cheeks

To look one's best and feel one's best, alimentary tract, before putting soap to wash from the system the previous day's waste, sour fermentations and poisons, toxins before it is absorbed into the blood. Just as coal, when it burns, leaves behind a certain amount of combustible material in the form of ashes, so the food and drink taken each day leave in the alimentary organs a certain amount of indigestible material, which is not eliminated, forms toxins and poisons which are then sucked into the blood through the very ducts which are intended to suck in only nourishment to build on the body.

It is so want to see the place of healthy blood in your cheeks, to see your skin get clearer and clearer, you are told to drink every morning upon arising, a glass of hot water with a teaspoonful of Epsom salt in it, which is a sure and harmless means of washing the waste poisons and toxins from the stomach, liver, kidneys and bowels, thus clearing beauty of their complexion should just keep washing and purifying the entire system, try this for a week and notice results.

Ford
THE UNIVERSAL CAR

Don't Depend On Spring Deliveries

Spring deliveries of Ford cars have never been certain, and they should not be depended upon. Demand has always been greater for Ford cars than the supply or production. So, if you would be sure of having a Ford car, but it now while deliveries are possible. Don't wait—even next month is an uncertainty.

Only a limited, specified number of cars has been allotted this territory. That allotment cannot be increased, because the demand all over the country is greater than the supply or production. Get your order in now, and you will be one of those who is sure of a Ford car out of our allotment.

It's first come—first served. All orders are filled in rotation. So, if you would be forehanded, if you would be certain of having a Ford car when you want it—then you will buy a Ford car now. A signed order with us is your protection. It is the result of the wisdom of looking ahead.

If you buy a Ford car now, don't think you have to "store" it. The Ford is a car made to serve its owner for business or pleasure throughout the entire year. Ford owners have long since come to recognize the fact. It is no longer popular to "lay-up" your car for the winter. Buy a Ford car now, and use it now.

OBITUARY

Calvin Bishop Shaw, son of the late A. B. Shaw, deceased, was born at Shawville, Clearfield county, Mar. 10th, 1871. He died at the Clearfield Hospital February 2nd, 1920, at 1:30 P. M.

The family moved to Clearfield when Calvin was five years of age. He received his education in the public schools of Clearfield, attending the Clearfield High School up to and including part of his senior year.

Upon leaving school he started in the shoe business, at the age of eighteen years. He was a good business man and maintained the strictest integrity in all his business dealings. After a period of years, he returned from the shoe business in 1904 and removed his family to Shawville, where he engaged in the millinery business. Remaining at this place until 1916, when he came back to Clearfield, becoming a partner of the Clearfield Central Garage and the active manager of the same. The garage business he had been engaged in for a short period of years, he succeeded in building up a large business and was very successful as an automobile agent.

He was united in marriage in 1894 with Elva Veil, and began housekeeping in Clearfield.

Mr. Shaw was a kind husband and devoted father. He possessed a bright, sunny disposition and was very much of a gentleman. He was very kind-hearted and will be missed by a host of friends who remember his many kindnesses.

While at Shawville he became an active church worker and served very successfully as a superintendent of the Methodist Episcopal Sunday School.

During his recent engagement in the garage business, he had been making his home with his sister, Mrs. Jeannine Shaw Bailey, but had planned to move his family here in the spring.

Mr. Shaw's survivors by his wife and one son, Arnold Bishop Shaw, who is in attendance at Dickinson College, Carlisle, also by two brothers and seven sisters.

The funeral was held Thursday, February 5th, 1920, at 2:30 P. M., from the home of Mrs. Jeannine Shaw Bailey, Rev. W. W. Hartman officiating. Interment in Hillcrest cemetery.

MEMBER PIONEER FAMILY DIES

One of the few remaining links that join the present generation to that of pioneer days was broken when at the Tyler mansion at Tyler, this county, on Saturday, January 31, Mrs. Mary E. Tyler passed away she having numbered 86 years last June. Her husband, John Tyler, who died a number of years ago, was the son of David Tyler, a pioneer. When a young girl she came into the Bennett River valley. Intelligent, forceful in character and educated, as that era went, she met John Tyler and they were married. The one child, Charles, born of the union, survives her. Before her marriage she taught school and a prized memento of those days to her is a receipt which she, as Miss Mary Bee, gave to David Tyler for fifteen dollars paid her in 1858 for teaching school one month in the summer of 1857 at Mill Run.

Puble Sale

DANIEL CONNERS

Daniel Connors, aged 66 years and 10 months, born Belfrere, Ireland, in 1854, died at Glen Richey, Pa., January 28th, 1920, after a brief illness of pneumonia. He leaves to mourn his death a wife and eleven children, all living: Mr. Daniel Connors, Altoona; James Connors, Altoona; Mrs. Thomas Baird, Clarion; Mrs. Arthur Monro, Clarion; Mrs. Z. A. Strickland, Curwensville; Mrs. Fred Goodnow, Elmira, N. Y.; Mrs. S. H. Gibson, Buffalo, N. Y.; Mrs. Jno. Reid, Glen Richey, Pa.; Mrs. James McKee, Bloomington, Pa. and Miss June, at home.

He has gone from his dear ones, his children and his wife whom he willingly toiled for and loved as his life. Oh, God! how mysterious and strange are thy ways to take from us our dear one in the best of his days.

COOPER TOWNSHIP WOMAN DIES

Mrs. Joseph Junquist, a respected resident of Cooper township, died at her home in Lanes Friday evening last, after a brief illness. The deceased was stricken with influenza one week ago, and pneumonia developing caused her death.

She was the daughter of Emmet Beam, of Kylertown, and is survived by her husband and three children. Mr. Junquist is recovering from an attack of the flu.

JOSEPH HOLLAND WOLFORD

Joseph Holland Wolford, a good citizen of this city, passed away at his home on South Second street on February 1st, 1920, after an illness of eight months. His death was due to heart trouble. He was born in Union township, Centre county, July 12, 1866, and was therefore 53 years, 6 months and 18 days old. From Centre county he moved to Woodland where the two children were born.

Mr. Wolford moved from Woodland to Williamsport in 1905, where he remained for eight years, and in 1913 he moved to Canandaigua, N. Y., and after six years in New York state, he removed to Clearfield in the spring of 1919.

He was united in marriage February 4th, 1886, to Mary Lippert, of Clearfield, Pa. He is survived by his widow and two daughters: Mrs. Glen Lannon and Mrs. Charles A. Hall, two brothers and two sisters, Miss Sadie Kunes, of Williamsport; Mrs. Silas Rothermel, of Germantown; J. P. Wolford, of Pleasant Gap. Those present from a distance at the funeral, were as follows: J. P. Wolford, Bellefonte; N. E. Wolford, Pleasant Gap; Mrs. Kunes and Mrs. Shirley, of Williamsport; Mrs. Dave Hoover, of Tyrone; Mrs. Turner, Zaccaria Lippert and children, Clarence, Lester, Helen and Guy, from Curwensville; Mrs. Boul and Blanche Hoover, of Tyrone; Mr. and Mrs. A. K. Owens and family; Mr. and Mrs. Hassan, of DuBois; Mrs. Ray Peters, Mrs. Ollie Peters and Thomas Rivlin, of Woodland, and Mrs. Ida Bressler, of Curwensville.

NOTICE

The funeral of Mrs. Nancy Brown will be held from her late residence on Leavy avenue, tomorrow afternoon at 2 o'clock.

Eat Less Meat If Back Hurts

Take a glass of Salts to flush kidneys if bladder bothers you. Drink lots of water

Eating meat regularly eventually produces kidney trouble in some form or other, says a well-known authority, because the uric acid in meat excites the kidneys, they become overworked; get sluggish; clog up and cause all sorts of distress, particularly backache and misery in the kidney region; rheumatic twinges, severe headaches, acid stomach, constipation, torpid liver, sleeplessness, bladder and urinary irritation.

The moment your back hurts or kidneys aren't acting right, or if bladder bothers you, get about four ounces of Jad Salts from any good pharmacy; take a tablespoonful in a glass of water before breakfast for a few days and your kidneys will then act fine. This famous salt is made from the acid of grapes and lemon juice, combined with lithia and has been used for generations to flush clogged kidneys and stimulate them to normal activity; also to neutralize the acids in the urine so it no longer irritates, thus ending bladder disorders.

Jad Salts cannot injure anyone; make a delightful effervescent lithia-water drink which riddens of mer and women take now and then to keep the kidneys and urinary organs clean, thus avoiding serious kidney disease.

Gossip for Tonight's Tea Table

Miss Lillian Moore will leave tomorrow for Ellsworth, Pa., where she has been engaged as special physical instructor in the High School.

A. M. Liveright was called to Philadelphia yesterday on account of the serious illness of his brother Louis F. Liveright. Mrs. A. M. Liveright received a telegram this morning that her brother in law died last evening, death being due to pneumonia.

Miss Eva Hoover who has been visiting with relatives and friends here for the last month, returned to her home in Kylertown today.

Charley Callahan has returned from a business trip to Detroit, Michigan.

Clifford Harris, of Rockton, spent yesterday in town.

Rev. John Platt of Erie, is visiting his son in law John C. Arnold and family.

Dale Carr has returned from visiting with relatives in Akron, Ohio. Millard and Josephine Edmiston, of Mt. Union, are guests at the home of their uncle C. C. Edmiston on Pine street.

Miss Margaret Graham is ill at her home on Maple avenue.

Mr. and Mrs. Walter Condon of Shawville, is visiting her sister Mrs. Lutz, on Maple avenue.

James Ake, of Gettysburg, spent yesterday with his son, who is a patient in the Clearfield hospital.

Miss Isabel Coleman is spending the week end with her parents in Williamsport.

Joe Hipps, Dick Wright and George Strickland, of Curwensville, attended the basket ball game at the High school last evening.

Howard Stewart will entertain his bridge club this evening at his home on Pine street. Five tables of bridge will be in play.

Miss Emma Levegood is attending a house party at Bucknell college, Lewisburg, over this week end.

Miss Margaret Taylor entertained the F. F. F. club Thursday evening at her home on Walnut street. The evening was spent in dancing and playing cards. A dainty refreshment was served.

Glen Meise, of Akron, Ohio, is spending a couple weeks with his mother here.

Clair Wisor of Altoona, is spending the week end with friends here.

Charles Collins was home from Dickinson College, as a representative from the Phi Kappa Psi fraternity, of which Bishop Shaw is a member, to attend the funeral of his father, the late Calvin Shaw.

Charles Voinehet, of Coudley, transacted business in town yesterday.

Gale McDowell, of Altoona, spent yesterday with friends here.

OPEN NOSTRILS! END A COLD OR CATARRH

How To Get Relief When Head and Nose are Stuffed Up.

Count fifty! Your cold in head or catarrh disappears. Your clogged nostril will open, the air passages of your head will clear and you can breathe freely. No more sniffling, hawking, mucous discharge, dryness or headache, no more struggling for breath at night.

Get a small bottle of Ely's Cream Balm from your druggist and apply a little of this fragrant antiseptic cream in your nostrils. It penetrates through every air passage of the head, soothing and healing the swollen mucous membrane, giving you instant relief. Head colds and catarrh yield like magic. Don't stay stuffy up and miserable. Relief is sure.

Leonardson's White Sale Creates Sensation

Every store hour since we opened the doors after announcing the great values, in our annual Sale of White, the aisles have been thronged with women taking advantage of the little-short-of-sensational offerings.

Tonight you will find us ready with a salesforce alive with service and an earnest desire to aid you in your fight with the ever-advancing cost of living. With their knowledge of merchandise and market conditions they will show you how real and how extraordinary the White Sale offerings are.

A. W. LEONARDSON CO

To Prevent Flu and Colds Three Rules You Should Observe

- (1) Sleep 8 hours—With windows wide open.
- (2) Eat wisely—exercise regularly—don't worry.
- (3) Avoid crowds and persons having colds

Flu this Year is Milder

The rules given above, recommended by the New York City Board of Health, are guides to good health at all times. Particularly they be followed just now, when influenza is again abroad in the land. Authorities agree, however, that the flu this year is less severe than in the last epidemic—the attacks are shorter and the death rate lower. In fact, many physicians insist that the epidemics now being reported from so many sections are not flu at all, but simply the old-fashioned grip.

Keep the Air Passages Healthy
While we know very little more about the flu than we did last year—the germ itself has never been positively identified—still most authorities agree that the flu germs are breathed in. If the system is in good shape and the membrane or lining of the air passages is in healthy condition—these germs are thrown off.

A good plan is to melt a little Vick's VapoRub in a spoon, night and morning, and inhale the vapors, also apply a little up the nostrils several times a day, especially just before being exposed to crowds.

Treat All Colds Promptly
Above all, keep free from colds, as colds irritate the lining of the air passages and make them real breeding grounds for germs. Prompt use of Vick's VapoRub aids in preventing colds. For head colds, sore throat or hoarseness, rub Vick's well over the throat and chest and cover with a warm flannel cloth. For deep chest colds, severe sore throat or bronchitis, hot wet towels should first be applied to the throat, chest and back between the shoulder blades, to open

the pores. Then Vick's should be rubbed in over the parts until the skin is red and the mucus is covered with two thicknesses of hot flannel cloth. Leave the clothing loose around the neck, so the vapors released by the body heat may be freely inhaled.

These vapors, inhaled with each breath, carry the medication directly to the lungs and air passages. At the same time Vick's is absorbed thru and stimulates the skin, thus aiding to relieve the congestion within.

Use of External Treatments for Colds Increasing

Vick's VapoRub is the discovery of a North Carolina druggist, who found how the substances he used to form the standard throat lozenges, Camphor—Menthol—Eucalyptus—Thyme, etc.—so that when the salve is applied to the body, heat these ingredients are absorbed in the form of vapors.

Vick's is particularly recommended for children's croup or colds, since it is externally applied and therefore can be used freely and often without the slightest harmful effects.

The best evidence of the value of Vick's is the steadily increasing number of people who have been converted to the use of this "outside" treatment.

Beginning with the customers of a small retail drug store, the use of Vick's has grown year by year—state by state—until now more than 17 million jars are used annually. And this is in spite of the fact that Vick's is a new form of treatment to many folks in the North and West. Vick's can be had at all druggists in three sizes—30c, 50c, or \$1.20.

Frenchville, were Clearfield shoppers yesterday.

Mrs. Sheridan Henretty of DuBois, is visiting her parents Mr. and Mrs. Robert Daugherty on Fourth street.

Miss Josteen Eshenberger is the guest of relatives in DuBois.

Mrs. A. M. Liveright left today for Philadelphia, called there on account of the death of Mr. Liveright's brother Louis F. Liveright.

Mrs. J. H. Kibely, of Beech Creek, is the guest of Mrs. S. E. Johnson, haugh, of Turnpike avenue.

Hon. G. W. Bell, of Bell Landing, was a Clearfield visitor yesterday.

Miss Martha C. Hartman, who spoke at Trinity church last night, was the guest of Miss Carrie Powell, both having graduated in the same class at Wellesley.

Coming to the High School Auditorium Saturday evening at 8 P. M., Staff Captain William Halpin. Better known to soldier boys as "Dad." Everybody welcome.
